Office Policies and Procedures

This document contains important information about professional services and our business policies. Please read it carefully and note any questions you have so that you can discuss them with me.

Appointments

Following an initial assessment period, which can be from one to three sessions, we can then decide if I will be able to provide the services you need. The frequency and scheduling of appointments will be determined during this evaluation period.

Once an appointment is scheduled, you will be expected to pay for the reserved time unless you give us 48 hours advance notice of cancellation. Insurance will not pay for missed appointments or appointments cancelled without 48 hour notice. If you miss more than three appointments without giving 48 hour notice you may no longer be eligible for services at this office.

Professional Fees

We will discuss fees during your initial evaluation. The fees for my services are $590 for the initial evaluation appointment, $375 for 40-45 minute psychotherapy appointments, and $295 for 20-30 minute medication management appointments. Form fees are as follows: Doctor statement or Letter $100 and above, FMLA Forms $100. The fee for any other type of service will be provided to you at the time of scheduling. You will be notified before any changes to my fees become effective.

You will be responsible for paying my fee in its entirety. I am not an in network provider for any insurance plan. You may use your receipt to file for out of network reimbursement with your insurance.

Billing and Payments

You will be responsible for payment for any services provided by me. Payments may be made by check, cash or credit card.

Please note that you will be expected to pay at the time of service unless another agreement has been made.

Reimbursement for out of network benefits will be your responsibility but we will assist you in any way we can.

Contacting our office

You may reach us by calling 713-528-0426. Our office hours are Monday through Friday from 8:30am to 4pm. Any messages left on our voicemail will be answered by the next business day. If you need to contact me outside of our business hours please follow the instructions on our telephone greeting.

Professional Records

The law and standards of the mental health profession require that I keep treatment records. You are entitled to have access to your records. I can also prepare a summary for you instead. Because these are professional records, they can be misinterpreted and/or upsetting to untrained readers. If you wish to see your records, it is recommended that you review them with me so that we can discuss the contents. Certain requests for information will incur a fee depending on the professional time spent responding to your request.

Confidentiality

In general the law protects the privacy of all communications between a patient and a mental health professional, and this office can only release information about you and your treatment to others with your written permission. There are some exceptions including the following:

- In some legal proceedings involving child custody and those in which your emotional condition is an important issue, a judge may order my testimony if he/she determines that the issues demand it.

- I may be obligated to take action in a situation where I have to protect others from harm. For example, if I believe a child, elderly person, or disabled person is being abused, I must file a report with the appropriate state agency.

- If a patient threatens to harm himself/herself or others, I may be obligated to seek hospitalization for him/her or contact family members or others who can help provide protection. This rarely occurs, however, if it does, I will make a good faith effort to fully discuss it with you before taking any action.

- Information requested by insurers or Medicare for reimbursement of services provided.

This estimate is based on my current hourly fee of $590 for clinical work. This estimate aims to provide transparency regarding fees by providing fee schedules for all services provided by this physician.

Your treatment needs may vary throughout the year. You may need less or more frequent sessions, which would impact this estimate accordingly. You may also discontinue treatment at any time. **For example, if you were to attend weekly sessions for 52 weeks (without breaks, holidays, etc.) your estimated total for services would be $375 x 52 = $19,500 for the year.**

The estimated costs are valid for 12 months from the date of the Good Faith Estimate. This is NOT a contract; it is simply an estimate of your treatment costs for the next year if you were to attend once weekly sessions, not including holidays, breaks, or early termination. Additional charges may apply for additional sessions, report/letter writing, court appearance, and cancellations/late rescheduling, which are all contracted at the fee for service per therapeutic hour.

If actual billed charges substantially exceed the expected charges included in the good faith estimate, you may contact the office to let them know the billed charges are higher than the Good Faith Estimate and to discuss additional options.

You may also start a dispute resolution process with the U.S. Department of Health and Human Services (HHS). If you choose to use the dispute resolution process, you must start the dispute process within 120 calendar days (about 4 months) of the date on the original bill.

There is a $25 fee to use the dispute process. If the agency reviewing your dispute agrees with you, you will have to pay the price on this Good Faith Estimate. If the agency disagrees with you and agrees with the health care provider of facility, you will have to pay the higher amount.

To learn more and get a form to start the process, go to www.cms.gov/nosurpises or call 1-800-985-3059.

For questions or more information about your right to a Good Faith Estimate or the dispute process, visit www.cms.gov/nosurpises or call 1-800-985-3059.
