Some items of interest to consider

**[The Few...The true...real Americans](#)**

**[Public Institutions? By what and/or whose lawful authority?](#)**

**[ISN'T IT TIME TO GROW UP?](#)**

The introduction and imposition of [Measure HH](#) has brought to light several unexplained events and occurrences which require complete public exposure, disclosure and a full explanation. The major question that requires explaining is how was it possible for the franchise [THE STATE OF CALIFORNIA](#), a [private corporation, masquerading as a series of independent corporations and misrepresenting itself as the lawful state, California](#), to take the assets of the citizens and employees without the lawful consent or approval of the members of city council, who are acting as trustees with the fiduciary responsibilities and obligations to protect the interests of the people's assets covered by the public trust?

### **Public Service is a Public Trust... Fiduciary Duty**

Enter into the equation, it has been learned that the Comprehensive Annual Financial Report creates an impression it is an audited report. However closer examination would indicate the audit only consists of an outside auditor...**offering just an opinion** of the manner in which the accounting activities would appear to be practiced. **The actual financial activities are not audited** by an independent accounting service.

Further, the CAFR provides that the actual management of the city are totally accountable for the accuracy reported.

**04-09-17- Comprehensive Annual Financial Report (CAFR):  
A core metric that has been hidden from you?**

**City of Fountain Valley – Comprehensive Annual Financial**

## Reports (CAFR)

Audited Financial Statements - The City of Fountain Valley's financial statements have been audited by White Nelson Diehl Evans, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the City's financial statements for the fiscal year ended June 30, 2016, are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. **The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion** that the City of Fountain Valley's financial statements for the fiscal year ended June 30, 2016, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

That is not an audit and suggests the false and misleading misrepresentation of the truth... the accounting firm rendered an opinion. **That is not an audit.**

Single Audit – **As a recipient of Federal, State and County financial assistance**, the City (a **private corporation misrepresenting itself as a public institution?**) is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluations by management. **Under Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations**, **the City did not meet the criteria for periodic evaluation and therefore, was not required to have a single audit performed for fiscal year ended June 30, 2016.**

**But \$116,000,000 of the people's assets went missing?**

**Hiding the existence of the shadow corporations!**

Reporting Entities - the reporting entities (the City of Fountain Valley) financial statements

includes all funds and account groups of the primary government (i.e. the City of Fountain Valley, as legally defined) as well as all its component units. Component units are legally separate entities for which the primary government is financially accountable.

WHITE NELSON DIEHL EVANS LLP  
Certified Public Accountants & Consultants

INDEPENDENT AUDITORS' REPORT

opinion

City Council  
City of Fountain Valley  
Fountain Valley, California

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Fountain Valley (the City), as of and for the year ended June 30, 2016, and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors' Responsibility**

Our responsibility is to express opinions on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Letter to the chief

Chief Llorens...

On that basis, before launching a full scale effort to engage the public in this matter, I wanted to extend to you, as a prepaid service provider, a contractor and vendor of security and protective services to the Citizens of Fountain Valley, and as a courtesy, an opportunity where we can meet and begin to discuss ways to approach this matter of an independent investigation.

Of specific interest, it will be most helpful to explore options and review resources your organization would provide in the way of supportive services.

So realizing this may be a major imposition on such short notice...never-the-less...may I impose on your cooperative nature to set up a very short meeting this afternoon, December 16, 2016, at 2:00 PM, The initial exploratory meeting should be no longer than about 30 minutes.

Please advise...

arnie, just one of the people.

### **A message to the Chief**

When the chief did not respond to the earlier message the fax was sent as a follow-up.

From: Arnie Rosner <arnie@arnierosner.com>  
Subject: Concerning setting up potential meeting at 2:00 PM today Date: December 16, 2016 at 1:22:47 PM PST

To: Dan Llorens <+17145934453@efaxsend.com>

Dear Chief Llorens,

This FAX message is being sent as a special notice, just in case you were not available to receive and to respond to a personal e-mail message I sent to you earlier today.

Since I have not heard back from you as yet, (it is around 1:20 PM), please check your email for a message with details.

---

If it turns out you have not had the opportunity to address the information within the message, please feel free to set up a more convenient time for us to meet and advise me of the new date and time.

As mentioned the meeting should not take up more than about 30 minutes.

Your response will be appreciated.

arnie, just one of the people.

From: Arnie Rosner <arnie@arnierosner.com>

Subject: The matter is criminal and not politics.

Date: December 16, 2016 at 6:14:53 AM PST

To: Dan Llorens <dan.llorens@fountainvalley.org>

Due to the nature of this notice, this message is being shared with Citizens with potential interest in directly participating in this matter.

<http://www.fountainvalley.org/798/Mission-and-Values> <http://www.fountainvalley.org/DocumentCenter/Home/View/4459>

Dear Chief Llorens,

This message is addressing you directly to establish that on matters of a Constitutional nature and public safety, you have the direct and existing relationship between you as Chief of Police, of the fountain Police Department, a public servant---and the Citizens of Fountain Valley, California. This is a fact to be clearly recognized and stated---regardless of any apparent administrative lines of authority...which may be inferred to the contrary.

Also I raise an important issue frequently avoided by our local public servants. It is the criminal abuse of our political process. And quite often, most public servants, at the local level, with whom I have interacted, tend to attempt to ignore the seriousness of these deliberate and disruptive attacks on our lawful political process and dismiss them as “politics.” But as we have all witnessed, quite recently, they are not just “politics.” We have been deliberately conditioned to accept this criminally inspired logic as “normal.” But as I am quick to point out Chief, these are crimes against the people and not politics!

The following news release from the Orange County Register just begins to expose some of what appears to be serious abuse of our criminal justice system which also boils over into related areas of criminal behavior by public officers. The issues at hand also relates to several items of concern locally. And that would include my own, ignored, personal attempt to gain some insight into the source of the matter raised in "Measure HH," from those who would be accountable.

[OC DA and Sheriff-Feds to investigate? And maybe who else?](#)

When reasonable questions posed from Citizens, to individuals that are represented as legitimate public officials are ignored, I begin to conclude something is wrong. I believe something is being hidden. It also causes me to suspect that those who would abuse the people, in this manner, in many cases by the very Citizens by whom they were elected, suggests to me they have made a choice to violate their oath of office and therefore are acting as criminal impersonators.

Certainly a legitimate public officer would be lawfully obligated to respond to a Citizen. Failing to do so directly reflects on their lack of legitimacy. As a public officer, they have no such options to exercise as acceptable conduct. By their own behavior they confirm their crime of misrepresentation...FRAUD!

And more to the point...such open abuse of their delegated authority means they are operating under the color of law and have become an impostor and a common criminal. And as common criminals, they need to be treated as common criminals and are immediately stripped of any immunity granted to those honorable public servants, like yourself, who are legitimate public servants, who honor their oaths and who deliver on their commitment to faithfully perform the services for which they have contracted.

Very recently you and I had an opportunity to meet. And the impression I formed, taking you at your word as an honorable man, was your strong dedication to our American heritage and the principles as established by the founders of the Republic.

In that same meeting...of particular note...You expressed your strong support and respect for our organic Constitution and the rule of law. Today, that seems to be a rare attitude among public officers...and I was encouraged with the sincerity by which you made your comments. So with that in mind I am reaching out to you in the spirit of mutual cooperation and support.

As I had deliberately made the point we discussed..., the brilliance of our founders continues to be a source of amazement demonstrated in the design of the binding nature and the administration of the oath of office...

The oath is sworn directly to support and defend the Constitution, which in turn empowers each public officer to act independently as a separate force to deter corruption (the same principle as the separation of equal powers between the branches of the federal government). And as we both agreed, each public servant has a direct obligation to carry out his duties...each with the separate and independent delegated authority of the people; the only source of legitimate authority, as is also demonstrated in the actual creation of all creatures of government.

Over the last eight years I have come to understand a great deal about our legitimate system of government. I can tell you quite frankly, I am well aware of many aspects of how, under the color of law, the lawful process has been twisted and distorted. It has been criminally manipulated to deliberately deceive the people.

In the most generous of terms of which I am capable...the deception was used to cover promoting various competing systems which unlawfully conflict with the original design of our Republic. Agenda 21 is just one such an issue. Common Core another. Obamacare, forced vaccinations, climate change are more of these criminally inspired agendas, imposed on unsuspecting victims under the color of law. Those who would promote most of these concepts are guilty of treason.

After much research and consideration, and in direct contrast with the manner in which we have been deliberately indoctrinated, I have come to realize it is we the living American sovereigns who are charged with the responsibility to determine the reality in which we chose to live. This is not something to be determined by foreign interests or misdirected public employees. Without going into more of the specifics at this point, I must just point out that all forms of government are created to expressly perform the work of the people. There is no simpler explanation of the proper roles between the people and their respective employees as is defined in the following: The Brown Act.

#### GOVERNMENT CODE SECTION 54950-54963

54950. In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exist to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly.

The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

Certainly the residents and employees of Fountain Valley are due an explanation by those who are fiscally accountable...as to exactly how the \$116,000,000 was taken from the city, by the

state, as detailed in measure HH.

In an effort to gain some answers, the following message was sent to the treasurer of Orange County; Shari L. Freidenrich. She did not respond so I sent her a follow-up:

Shari L. Freidenrich treasurer@ttc.ocgov.com FAX: 714-834-2912  
Orange County's Treasurer-Tax Collector County of Orange  
Attn: Treasurer-Tax Collector P.O. Box 1438 Santa Ana, CA 92702-1438

Ms. Freidenrich,

My apologies are in order. I must have missed your response due me on the 10th of December. I'm sure that as an honorable public officer, you must have inadvertently overlooked it. By-the-way, I see the payment I sent you cleared. So with the exemption of the explanation you owe me it appears we are even.

Now not to place any undue hardship on you but when do you expect to provide a response?

Since this seems to have happened on your fiduciary watch, who better than you would be intimately acquainted with the details to publicly furnish the explicit details? I am sure many Fountain Valley residents are quite interested to know on what basis Jerry Brown's franchise...masquerading as the lawful state California, most commonly known as "THE STATE OF CALIFORNIA," took the \$116,000,000 from the residents and the employee of Fountain Valley...details below:

## Measure HH

Oh yes Ms. Freidenrich, you may find the following items to be of further interest as you seemed to ignore them in the notice provided. Since you are one of the main fiduciaries for Orange County, it is beyond explanation how such a highly qualified financial expert could have missed such issues?

[OC DA and Sheriff-Feds to investigate? And maybe who else?](#)

[Third Request! We the people have been betrayed...Once More!](#)

The fact that those accountable to the people appear to be silent on this matter and seem to refuse to provide the honest services for which they have already been paid, suggests to me that it is time for the people to convene an independent investigative commission to determine the answers for ourselves. As sovereign Americans, Californians and residents of Fountain Valley, we need not ask anyone for permission to convene our own investigation.

Chief Llorens...

On that basis, before launching a full scale effort to engage the public in this matter, I wanted to extend to you, as a prepaid service provider, a contractor and vendor of security and protective services to the Citizens of Fountain Valley, and as a courtesy, an opportunity where we can meet and begin to discuss ways to approach this matter of an independent investigation.

Of specific interest, it will be most helpful to explore options and review resources your organization would provide in the way of supportive services.

So realizing this may be a major imposition on such short notice...never-the-less...may I impose on your cooperative nature to set up a very short meeting this afternoon, December 16, 2016, at 2:00 PM, The initial exploratory meeting should be no longer than about 30 minutes.

Please advise...

arnie, just one of the people.
