## Altar Linens - Corporals

Sacred vessels that contain the Body and Blood of the Lord are always placed on top of a corporal. Often more than one corporal is necessary at Masses where multiple vessels are used for the consecration.

A corporal is placed on the altar at the Preparation of the Gifts. When concelebrants receive the Eucharist from the altar, a corporal is placed beneath all of the additional chalices and patens. Finally, it is appropriate that a corporal be placed beneath the sacred vessels that are to be purified after Mass.

Since one of the purposes of the corporal is to contain any small particles of the consecrated host that may remain at the conclusion of the Mass, care should be taken that the transfer of consecrated hosts between sacred vessels should always be done over a corporal. In light of this purpose, a corporal should never be left upon the altar after Holy Mass or become a permanent fixture of the altar.

The corporal should be white in color and of sufficient dimensions so that at least the main chalice and paten may be placed upon it completely. The material of corporals should be absorbent and easily laundered.

Corporals should be ironed in such a way that their distinctive manner of folding helps to contain any small particles of the consecrated host that may remain at the conclusion of the Mass.
