Program Description

This program is a combination of subject matter and experience designed to prepare the student to assist the dentist at chair side, perform reception and clerical functions, and to carry out selected dental laboratory work. Objectives are: (1) to prepare high school students for full-time employment in the dental office occupational area upon completion of the program or to encourage continuing education or training, and (2) to provide each student will broad entry-level skills in a cluster of related jobs. Entry skills include job finding skills, general work habits, and social attitudes.

The advanced level will offer further training in dental assisting techniques including such procedures as radiographic techniques, denture repairs, making temporaries, and dental office emergencies. It will also offer a chance for a student to obtain some work-related experience.

Special Features

Students will have an opportunity to earn a CPR (Cardio-Pulmonary Resuscitation) certification.

Leadership opportunities available through participation in HOSA, a student health occupations organization.

Work-based learning opportunities available
