

April Chapter Update

[View this email in your browser](#)

April WV ASHRAE Newsletter

The WV EXPO was a big success. Larry Fisher, Region VII DRC, attended our Chapter Meeting and installed our new Officers and Board for 2015-2016. He also approved the Hurricane City Building as the Chapter Sustainability Project. (It just received the ASHRAE bEQ certificate.) The remaining EXPO (day and half) had 6 presentations on HVAC, building energy, and water quality. Many thanks to our speakers, sponsors and Shane Hall. Next events are the April Webinar [below](#), the Chapter Planning Meeting in late May and the WV Energy Conference [below](#), the ASHRAE Annual Meeting in late June and the Region VII CRC in late July. [See www.ashraeregion7.org](http://www.ashraeregion7.org).

WV ASHRAE Chapters new Leaders for 2015-2016:

President – Jennings L. Davis II, PE

ASHRAE's upcoming webcast, titled **New Tomorrows for Today's Buildings: Existing Building Commissioning**, will broadcast live on **April 23, 2015**, from 1:00 – 4:00 pm EDT. This FREE webcast is brought to you by the ASHRAE Chapter Technology Transfer Committee. "The presenters will distinguish between new building commissioning, existing building commissioning, and retro-commissioning," said Nathan Hart, Chair of the CTTC Webcast Ad Hoc Committee. "Viewers will learn how to manage the commissioning process to minimize the impact on building functions and occupants, and how to integrate elements of existing building commissioning into the operation and maintenance staff's daily activities. The focus will be on maximizing energy efficiency and ROI." The webcast presenters are: Bob Baker, OPMP, Fellow ASHRAE | Managing Director | BBJ Consulting | Riverview, FL | Jim Vallort, Fellow ASHRAE | Practice Leader | Environmental Systems Design Inc. | Chicago, IL | Ron Wilkinson, P.E., CPMP | Commissioning Authority | Glumac | Seattle, WA.

Expanding Energy Efficiency in West Virginia Second Biennial Conference

Thursday, May 21, 2015

The Embassy Suites

300 Court Street

Charleston, WV

Learn about organizations that are investing in, promoting and financing energy efficiency in the State of West Virginia.

Topics include:

- * the benefits of making efficiency improvements
- * opportunities for assistance when investing in efficient equipment
- * how to obtain energy assessments

[Click here for more information and registration.](#)

This is a free event, and lunch is provided for pre-registered participants.

Want a low cost copy of ASHRAE 90.1-2007, the WV Energy Code? Go to www.wvashrae.org.
