### **Magnolia GOP Chairman asks is Cobb a Democrat plant *Cobb volunteer jumps ship***

COLLINGSWOOD – Today Magnolia Republican Club Chairman Kevin Ehret, announced his support of Claire Gustafson for Congress in New Jersey’s First Congressional District and wondered if Garry Cobb is really a shill for Donald Norcross.

Mr. Ehret was an early supporter and campaign volunteer of former Dallas Cowboy Garry Cobb.

“Disorganization, forgetting to show up at events and a lack of attention to detail caused me to start questioning Mr. Cobb’s true intentions in this race. Then, when his campaign started making the claim that Claire Gustafson was a Democrat plant I began asking myself if maybe Garry Cobb was really the Democrat plant.” Magnolia GOP Chairman Kevin Ehret said.

“Admittedly, as an early Cobb supporter I was skeptical of the other campaigns. However, after meeting Claire Gustafson and her staff, it became obvious they are aggressively campaigning and willing to put in the hard work needed to win,” Ehret remarked. “The Cobb campaign, on the other hand, is more interested in firing false accusations at Claire Gustafson. And, that is not the sign of a winning candidate.”

Claire Gustafson welcomed Ehret to her team saying, “Kevin Ehret works hard for the Republican Party and does so with dignity. He is a true leader and I am proud to have him join our campaign.”
