## Sheridan Bull shooters – 3<sup>rd</sup> Ed Green Memorial Rifle Frolic

After two good year's with almost perfect weather, we had it all for this one, a little rain, a little snow, and a whole lot of wind. Saturday night the wind not only blew over one of the hooter's it had all of the camper's jumping around, made you think there was a love in going on. What do you want for the first of May in Wyo.

Had a few people from out town, the Nebraska guys drove out, Ron P made a 10 hour trip from Lander, L Z made it, Tail gunner, some new folks, the Mali's, some Gillette folks and most of our club was there. We missed you that could not make it because of the road's being closed, but we plan on seeing you all next year.

There were two new events added this year, the Running Grizz and a Quail Walk. I (Ed K) did not shoot in them but heard they were lots of fun. Be sure and bring your smooth bore or shotgun next year. We held all of our events except the canoe race this time because the wind made it too dangerous.

Karen hosted the kid's games again this year; fire starting, treasure hunt and egg hunt. The kids seemed to have a great time. Toby showed them how to start a fire with a flint and steel.

Karen had the treasure hunt, a gold chest full of gold coins that the kids got to trade for goods. Karen started by teaching the kids to read a compass, count paces, wander around the prairie, etc. the kids done well.

And Karen did the annual egg hunt – all found eggs and had a good time

So they were kept busy most all weekend. Thanks a Million to Karen for taking care of all the kids events – the marshmallow shoot was saved for next year due to the wind. Saturday night we held a pig roast. Oscar Rucki cooked the hog again (Thank you Oscar) and Grandpa Bob (Thank you Bob) served everyone, the feed was excellent, thanks to all who brought side dishes.

After we all had our bellies full the wind died down and some got to shoot the Running Grizz, some froze and the grizz eat'em. Then the Council fire was started, stories were told and good times flowed.

We do not have an Aggregate so you only shoot the events you want, and we give prizes for each match. The winners are as listed.
