Orange Zone classification – Covid-19

Dance Biz is located in the orange zone classification. **We are able to remain open** as per the NYForward website. Dance studios are classified under Low Risk Sports and Recreation, as dance has the ability to be done while maintaining physical distance or be done individually.

We need to remain vigilant about wearing masks at all times and keeping six feet of social distance when possible.

We will also continue to dismiss classes 10 minutes early so classes are not in the building at the same time.

Stay safe, stay healthy.
