high-quality luxury

A100  
Luxury Tencel

Moisture  
content 13%

Breathable and  
skin-friendly

## LUXURY

TENCEL fiber stands at the top of the pyramid of natural fibers, which is more comfortable and skin-friendly than ordinary fibers, softer, light and delicate, excellent in moisture absorption and air permeability, and bright in luster. The natural water content of TENCEL fiber is as high as 13%, which has a natural cooling feeling, is not prone to static electricity, and fully demonstrates the sense of high-quality luxury.

# FEATURE

## CHLOE

MO24FW025MI

With excellent  
Anti-pilling level

Advanced  
appearance

Comfortable  
elastic

Using special technology combined with the original structure of Tencel fiber, it is not easy to pilling

- ✓The cloth surface is smooth and silky
- ✓Excellent anti-pilling performance
- ✓Elastic and comfortable, not easy to deform

Anti-pilling level **4**

Level 2-3 of the same type of product

## ✓ECOSNOWY Series Instructions

### KNITTING:

- Adjust the knitting tension according to different machines.
- Please knit continuously with one cone. Remove 1 meter of the beginning and the end of the yarn respectively while changing yarn cones.
- If the garment is knitted in 2 ends, we suggest to plate and use two cones instead of double system.

### WASHING INSTRUCTION:

- We recommend to treat solid sweaters in lukewarm water (max. 30°C) for 10-15 minutes and machine wash for 1-2 minutes
- Knitwears with bright and dark color stripe knitting should be soaked in neutral water with fix agent (3-5%) Please tumble dry after wash.
- To prevent bleeding of colors in washing knitwears with bright and dark color stripe knitting, neutral detergents will be needed and fix agents (3-5%) will be used to avoid change of color fastness.
- Iron at a maximum sole-plate temperature of 110°C, pressing should be avoided.
- ECOWASH products cannot be dry cleaned.

### INSTRUCTION:

- Pilling grade: 3-4: has been tested on the collection swatch (same stitch/gauge/tension according to Pilling box (ISO12945-1/GB/T4802.3) at 7200 turns.
- Do not stock yarns for more than 3 months, otherwise elasticity will be changed.
