**Client:** Dominick's Store #2775  
(Chicago, IL)

**Project Manager:** Joe Gill

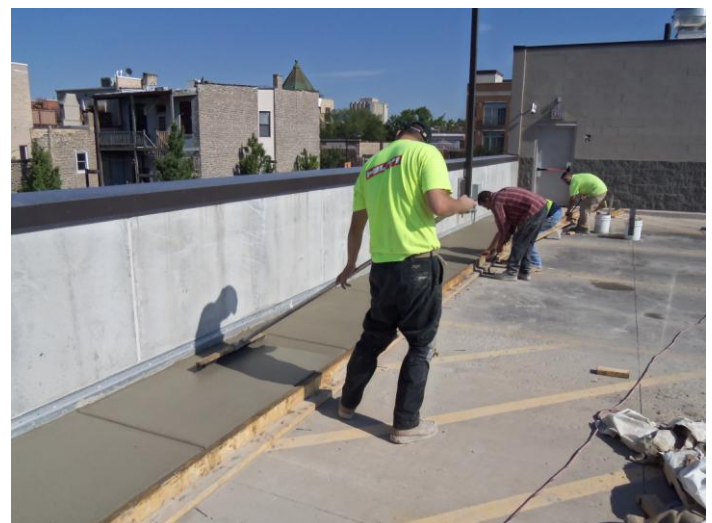

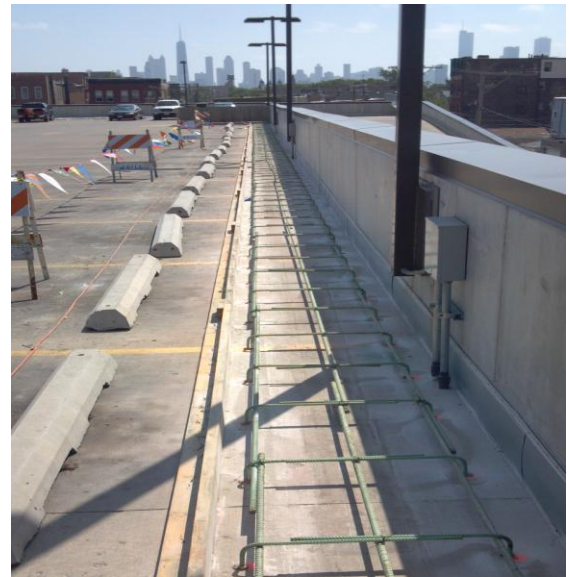

**Project Superintendent:** Tom Ard

### **Project Description:**

In the summer of 2012, J.Gill and Company was hired to perform multiple work items at the Dominick's Store #2775 located at the intersection of Damen Ave. and W. Chicago Ave. The roof level parking deck was experiencing significant scaling due to salt and other factors. J.Gill used a 2-part epoxy and silica sand mixture to level the rough pitting and scaling. We then went over the entire surface with a 2 coat epoxy overlay system.

### **Scope of Work:**

- 15,500 SF of Epoxy Resurfacing
- 63,500 SF of Epoxy Overlay
- 800 LF of 3' Curb Installation
