## GLOBAL IIE INTRODUCES BREAKTHROUGH INNOVATION OF ONLINE TEACHING

BANGALORE, INDIA

### Why Global IIE?

Global IIE is an educational training institute that also guides students for online tuition classes (Chemistry, Physics, Mathematics, and Biology-Regular classes/IIT-JEE(AIEEE)/Medical(NEETAIPMT)/Gate/CET/NTSE/Olympiad/KVPY/PRMO/CSIR-NET/State exams) under under one canopy from Std VIII-XII, Engineering and above. Our brilliant team (mostly Ph.D/M.Sc/M.Tech from IIT's and reputed Universities are there to assist and support students in a limited group, with minimum tuition fee. In addition to the above subjects, we do undertake the following subjects for grade 11-12 according to new syllabus:

**Entrepreneurship; Business studies; Computer Science; Economics; Accountancy** etc; Additionally we do have **Hindi, English** tuition as well.

Global IIE brings a unique and effective way of delivering theoretical and practical knowledge. Personal attention from proven faculty, along with video based learning will help students in understanding fundamental concepts and prepare them for

competitive examination (through exhaustive practice with hard problems).

Using interactive platform, students can ask questions and seek clarifications. Mentors from GIIE will chip in as teaching assistants for regular problem-solving exercises after each and every chapter as preparation for competitive examinations.

The Directors have Ph.D's from IIT/IICT; Post doc- USA and Germany; MBA-IIMK; conversant with various certification courses from Harvard Business School, Global Leadership and management development group, the George Washington University, Franklin Covey gr etc. Exp: >18 yrs in industry as well as academics.

#### **What Make Us Unique?**

- Professors and teachers are qualified from IIT's, and other reputed Universities; experienced with broader applied knowledge and understanding of student's psychology.
- Major emphasis on conceptual understanding and make students competitive examinations-ready, problem-solving exercises and evaluation after every chapter. Graded-difficulty question banks are used, 25% of the class time is utilized for tough problems & answers in each subject.
- Live class with no recorded lecture and 2-way interaction through applications (that run seamlessly on laptop/computer with low bandwidths). Video based learning for some specific advanced subjects (for repeated

study). Lectures are recorded for parent's review. Performance reporting to parents provided.

- Career guidance is provided by eminent professors from IIM's, IIT's as well as foreign experts.
- Technical inputs for the students who are interested for further studies / aboard.
- Save on time and energy, as no commuting is involved and students can attend the class from anywhere. Students can easily identify the right teacher.
- Minimum and affordable tuition fee.
