New Haven Trailside Treats is happy to support our local community. We will host fundraisers on Tuesdays and Thursdays June through September. One fundraiser per group per season.

Organizations will receive a flat donation of \$50 and 10% of all sales (excluding taxes) between the hours of 6-9pm during your fundraiser. In order to receive the \$50 flat donation, a representative from the group must attend and may share information about your organization with patrons. If a representative is not present, your group forfeits the donation.

In order to make your fundraiser successful, we strongly encourage your group to promote through social media, in newsletters, through word-of-mouth and more. Donation payments will be available immediately following your event.
