A Note from Rick: Hey! We finally got a stretch of nice Spring weather....better late than never. Great to see all the activity in the fields. A lot of work has gotten done recently, whether it be planting corn and beans or making hay and that's a big relief to all of us. It's late that's for sure, but with a little help from above we can still have a decent crop and get a lot of feed made. We are definitely at a higher risk level than normal with dry weather and especially an early frost. There is no doubt about it, these last couple of weeks of warmer, drier weather were huge in preventing big problems throughout. Our market Tuesday was a little down in numbers as a result of the nice weather. The only two things I have to comment on are bull calves being a little weaker and slaughter cows being a little stronger. Looking forward to the Summer Draft Auction and the Driving Horse Auction in a couple of weeks. Lots going on here this summer, hope to see you at TLA!
