PREFACE

TACONIC SHORES PROPERTY OWNERS ASSOCIATION, INC.

You are now a member of Taconic Shores Property Owners Association, Inc., hereafter referred to as TSPOA.

Taconic Shores is a private residential community organized as a Not-For-Profit membership corporation and governed by an elected Board of Directors. The By-Laws and Rules and Regulations constitute the guidelines for the Board's formulation of policy. Property owners should consult this guidebook as often as necessary to become familiar with and conform to the restrictions, conditions, and covenants, and the Rules and Regulations. All decisions of the TSPOA Board are made by a majority vote of the Board during a duly held meeting with a quorum present or by the majority vote of an executive committee comprised of at least three Board members authorized by the Board of Directors to act upon its behalf.

While By-Laws and other rules are necessary in governing a community, harmonious living also depends upon a general understanding of the need for self-regulation, courtesy, restraint, and consideration for one's neighbors. It is in the best interest of every individual in the community to make his/her own contribution to the creation of an environment which will be as free as possible from friction and tension, and which will enhance the value of the property to both the individual owners and the community at large.

The Board of Directors meets on the third Friday of the month (except for August when it is held on the Friday night before the second Saturday of the month and December when there is no meeting) starting at 7:30 P.M at the clubhouse and open to the public except for those portions of a meeting that may be conducted in Executive Session. The office of the Association is open Monday thru Friday - 9:00AM - 2:00PM, the 1st & 3rd Saturday, 9:00AM – 2:00PM. Closed Mondays following the 1st & 3rd Saturdays. The office phone number is (518) 329-2881.

No leaves or other debris shall be disposed of into the Lake. If the Member does not maintain his or her waterfront in a manner TSPOA deems adequate, TSPOA may remove unsightly or hazardous debris. The cost of such removal shall be charged to and payable by the Member.
2. Lake Obstructions. Obstructions found in or on the Lake should be removed if it can be done safely. If not, Members have an obligation to report the obstruction to TSPOA's office.
3. Prevention of Storm Runoff from Entering Lake.. It is the responsibility of each Member owning lake front property to take all reasonable measures to prevent storm runoff from entering the lake through their property.

Storm runoff contains chemicals including road salts and phosphorous which are harmful to the health of the lake and its fish and contributes to the growth of algae including potentially harmful algae blooms. Measures such as those contained in this rule are designed to reduce or eliminate the need for algaecides which are costly and are not a natural part of the environment.

Each lake front property should have a Vegetation Barrier. *A vegetation barrier is a buffer of various plants, shrubs and trees strategically grown along the edge of a body of water intended to block undesirable runoff from entering the body of water.* A Vegetation Barrier should have the following characteristics: it is composed of bushes, woody plants, trees, and/or aquatic plants; it is a minimum 5 feet wide as measured by where plant roots are present; it is planted across the entire property with an opening of up to 10 feet allowed to access the waterfront and preexisting or permitted waterfront structures; it shall be parallel to the water’s edge; and it is placed as close as possible to the water edge of the property considering the natural characteristics of the land and preexisting and permitted structures. In addition to a Vegetation Barrier, each Member should place some plants directly in the water to filter the lake water as well as maintaining deep rooted plants and trees throughout the entire property to absorb contaminants that run off the road onto your property. Lawn grass and other vegetation without deep roots does not prevent storm runoff from entering the lake.

Each lake front Member must attempt to prevent storm runoff from entering the lake through the Member’s property by ensuring there is no direct path for drainage from the road or the Member’s property to the lake which does not have trees or other deep rooted vegetation planted in a manner to absorb the run-off or some other means preventing drain water from entering the lake such as rain gardens. At the request of the TSPOA, including as a condition of obtaining a building permit, a Member may be required to implement a plan to plant deep rooted

vegetation on any part of the property where there is a direct path from the road or other drainage discharge point to the lake without deep rooted vegetation.

Lake-front Members are encouraged to avoid the removal of trees and deep-rooted vegetation from their property. Any Member removing a significant amount of deep-rooted vegetation, including the removal of more than 20% of the Member's trees which have a diameter of 4 inches or greater and are between the TSPOA roadways and the lake, will be required to demonstrate compliance with this rule.

No monetary assessments will be levied against any Member for a violation of this rule unless such Member has been notified in writing of their noncompliance with this rule and been given a reasonable opportunity after receipt of such notice to propose and implement a plan to correct such noncompliance. The notice to a noncompliant Member will identify representatives of the TSPOA who will either at the request of the Member work with the Member to establish a mutually acceptable plan or if the Member wishes to work independently to develop their own plan, the representative(s) will review the plan developed independently by the Member and determine what changes, if any, are required in the plan for it to comply with this rule. If the named representative(s) and the Member are unable to agree upon a plan for compliance, a hearing will be held where the representative and the Member will each submit their plan for compliance. If the board determines that the Member's plan does not comply with this rule, the board may require the Member to implement the plan submitted by the representative. The Member will have 120 days from the date of the notice to submit its final plan to the TSPOA. Failure to provide the Board with a plan or to implement a proposed plan or Board-imposed plan within a reasonable time period may result in monetary assessments as determined by the Board. For more information on vegetation barriers please visit the TSPOA website at taconicshores.org.

4. No Nitrogen or Phosphorous. No Member shall use or permit to be used on his/her property any fertilizer containing nitrogen and/or phosphorous or use any household chemical which contains phosphates.

A Member may come before the Board to request an extension which shall be granted or denied in the Board's exclusive discretion. Such request must be made within twenty days from the date of the inspection. The supply of water will be renewed upon the presentation of satisfactory evidence that the corrective action has been taken and completed.
4. Corrective Action Required. Payment of any fee imposed by TSPOA does not alleviate such Member from taking necessary corrective action. If a Member does not take corrective action in a timely manner and provide TSPOA with an updated inspection within a timely manner, whether or not the Member has paid a fee, the Member shall remain non-compliant and shall be subject to additional fees and remedies as provided for in the Governing Documents.

The Member and the tenant must each release, indemnify and hold harmless the TSPOA from any liability, losses or other damages arising out of or related to the rental of the property or the acts or omissions of the tenants. If there are any tenants using any Common Areas who have not signed a Renter's Agreement, then TSPOA may require such Renter to sign a Renter's Agreement and if they refuse they shall be considered trespassers on the TSPOA Property and TSPOA may take such action as it deems appropriate in light of such trespassing.

There shall be no directional signs, either in or outside TSPOA Property or posted off the property directing prospective purchasers to the property. No real estate signs may be displayed on a Member's Lot without the prior approval of the Board. The Board will not consider granting approval until the Member and/or the Member's real estate agent provides a written or emailed statement wherein they agree to abide by the requirements of this Rule XV. The Board may refuse to consent to the placement of a for sale sign if a Member is not in good standing. The TSPOA reserves the right to remove any sign which is posted in violation of this rule. Any Member intending to place their property for sale must notify TSPOA as early as possible of their intent to do so, but not later than the date of listing of sale of such property with a real estate broker or the placing of an advertisement for the sale. At the time of the contract for sale of their property, the selling Member must advise TSPOA of the impending sale and name, address, and telephone numbers of the prospective purchaser.
3. Payment of Outstanding Amounts Due TSPOA. Prior to closing of the sale, all dues, assessments, fees and other monies due to TSPOA must be paid in full. A clearance statement from TSPOA indicating fulfillment of all financial obligations to TSPOA will be provided for transfer to the new owner.
4. Clearance Statement. Upon payment by the selling Member of all amounts due TSPOA from such Member, upon meeting the Transfer Requirements set forth below, and upon clearance of any and all outstanding TSPOA violations affecting the property being sold and unpaid monies owed, TSPOA will issue a clearance statement. This clearance statement will be the sole evidence that the property being purchased is unencumbered by any outstanding obligations of the selling Member. This is the only statement upon which the membership account for the new member will be based. If the new owner lacks the clearance statement, TSPOA may refuse to provide services such as garbage pickup and water supply. The new owner will not be considered as a member in good standing until all debts of the previous member have been paid.
5. Transfer Requirements. Any Member conveying TSPOA Property whether by sale, gift or in any other manner is referred to herein as a "Conveying Member." Any person acquiring TSPOA Property whether by sale, gift or in any other manner is referred to herein as an "Acquiring Party". Both the Conveying Member and Acquiring Member are each responsible to ensure the TSPOA is provided a completed and signed "Transfer Certification", in the form attached to these Rules and Regulations as Attachment A, along with the applicable transfer fee. The transfer fee shall be

\$500.00 unless the transfer qualifies for a discounted transfer fee of \$350.00, as set forth below. The payment of the transfer fee and the providing to TSPOA of an accurate and fully completed Transfer Certification shall together be referred to as the "Transfer Requirements." The Transfer Requirements must be met prior to any change in ownership to TSPOA Property. An Acquiring Party shall not be considered a Member in good standing and shall not be entitled to any privileges of membership including the supply of services until the Transfer Requirements are met. If after 60 days from the date of conveyance the Transfer Requirements have not been met, or if there are uncured violations of any of the Governing Documents by either the Conveying Member or the Acquiring Party, TSPOA may discontinue any service which TSPOA provides the subject TSPOA Property. A Conveying Member must comply with the applicable terms of the Governing Documents, including providing a copy of the Transfer Certification to an Acquiring Party on at least two (2) weeks prior to the date of conveyance. If the Transfer Requirements are met by a potential Acquiring Party at least two weeks prior to the date of conveyance, then the Acquiring Party shall be entitled to pay a discounted transfer fee of \$350.00 which will be refunded only in the event the conveyance does not take place. In the event of the death of a Member, neither the Member Estate nor the grantee of the Member's Estate shall be considered an Acquiring Party, however such parties be subject to the Governing Documents. A conveyance by an estate to a devisee shall be entitled to a discounted transfer fee of \$350.00. All dogs must be confined to the Member's property, except when on a leash. Failure to comply with either shall result in a \$150.00 fee. All pet waste shall be removed by the pet's owner in a sanitary manner. Failure to do so shall result in a \$150.00 fee for each occurrence.

XVII NOISE

1. General Considerations. Being thoughtful of one's neighbors is especially important in a community such as TSPOA. Loud noises from televisions, stereo equipment, musical instruments, annoying pets, and other disturbances should be avoided at all times, especially between the hours of 11:00 pm and 8:00 a.m. If a homeowner should be disturbed by a loud noise, he should first attempt to notify the disturbing party. If the disturbing party is not cooperative and the problem is severe, then the local law enforcement agency should be contacted. The management office or a member of the Board should be contacted the next business day.
2. Noise Curfew. There is a noise curfew of 11:00 p.m. No loud noises are permitted any day prior to 8:00 a.m. Please respect your neighbors and keep noise to reasonable levels.

XVIII AIRCRAFT

1. Aircraft Prohibited. No aircraft (including drones) may take off or land within TSPOA.

XIX FIREWOOD

1. Storage. Firewood must be neatly stacked at the rear or side of the owner's property, setback from the property line at least 8 feet from the side property lines, and 15 feet from the rear property lines.

XX ENFORCEMENT OF GOVERNING DOCUMENTS

1. Generally. The enforcement of the provisions of the Governing Documents is the individual and joint responsibility of all Members and all inhabitants within TSPOA. When a violation occurs, enforcement will take place in a timely manner. Timely resolution will prevent problems and will enable TSPOA to keep a well-maintained community. The procedure for handling violations is set forth below. The TSPOA Board or the TSPOA Association Manager may initiate enforcement action on its own accord or in response to complaints.
2. Complaints. Any Member, resident, or employee of TSPOA may file with the Board a formal complaint alleging that a Member has violated a provision of the Governing Documents. Such complaint shall identify the alleged violator, the nature of the alleged violation, and shall, where possible, include written documentary evidence including, but not limited to, names and addresses of witnesses, photographs, video tapes, etc., to establish the alleged violation.
3. Board Action upon Receipt of Complaint. Board Action upon Receipt of Complaint. Upon receipt or initiation of a formal complaint, the President of the Board shall designate the TSPOA Association Manager or a director or directors to contact the alleged violator to advise him or her of the filing of the complaint and the substance thereof. If the alleged violator denies or otherwise controverts the facts constituting the violation, the designated TSPOA Association Manager, director or directors shall advise the President of the Board that it will be necessary to utilize the complaint resolution process as specified herein.

4. Discussion at Next Scheduled Board Meeting. At any time, the person who has filed a formal complaint, any member of the Board, or an alleged violator may request that the complaint be added to the agenda of the next scheduled Board meeting so that the Board and all impacted parties may informally discuss the matter in an attempt to find an amicable resolution. In such event, the Board will provide notice that the matter has been added to the Board meeting agenda by first class mail. The Board may in its sole discretion refuse a request for an informal meeting with the Board and proceed to issue a Notice of Violation, as set forth below.
5. Notice of Violation. If the complaint has not been resolved to the satisfaction of the Board, the Board shall notify the person or persons alleged to be in violation (hereafter “Alleged Violator”) that he or she is entitled to request a hearing before the Board for the purpose of denying or otherwise controverting the facts and circumstances constituting the alleged violation. Such notice shall be sent to the Alleged Violator by certified mail, return receipt requested. (If the mail comes back “unclaimed” or “refused”, it will be re-sent by regular mail. If the receipt is signed or if nothing comes back, it will be deemed to have been delivered.) The notice shall fix the date, time, and place for such hearing, which will be held if the Alleged Violator requests a hearing, and shall reasonably describe the facts and circumstances alleged to constitute a violation of any provision of the Governing Documents.
6. Failure to Request a Hearing. Failure by an Alleged Violator to request a hearing within ten (10) days from receipt of written notice shall constitute a waiver by the Alleged Violator to a hearing. If the Alleged Violator does not timely request a hearing, the Board shall proceed to determine whether a violation has occurred, and, if so, to establish an appropriate penalty and/or corrective or remedial action to resolve the violation.
7. Hearing Request. If the Alleged Violator timely requests a hearing before the Board, the Board may authorize the TSPOA Association Manager, its counsel or other spokesperson to present the facts and circumstances constituting the alleged violation and to make a recommendation as to an appropriate penalty and/or corrective or remedial action to resolve the violation if a violation is found to have occurred or continues to occur.
8. Hearing. If the Alleged Violator timely requests a hearing before the Board, such hearing may be held in conjunction with a regularly-scheduled Board meeting or at a special meeting scheduled for such purpose. The following notice and hearing procedures will be followed:
 - i. Notice of Hearing. Notice of the hearing will be sent at least fifteen (15) days before the hearing.
 - ii. Opportunity to Be Heard. Before fees assessed and/or privileges or voting rights may be suspended, Members have the right to send a letter, send an authorized representative, or appear in person to present evidence why the Board should not determine that in fact the Alleged Violator is in violation. The hearing will be held in executive session if so requested. The Alleged Violator shall be afforded an opportunity to deny or otherwise controvert the facts and circumstances set forth in the notice. With prior notice, Members may bring an attorney with them to advise them or to speak on

their behalf. Failure or refusal to appear and/or participate at the meeting for which the hearing is scheduled shall constitute a waiver of the right to such a hearing, and the Board may make a decision as to whether a violation has been established and, if so, fix an appropriate penalty and/or corrective action or remedy, notwithstanding the nonparticipation of the alleged violator.

- iii. Rescheduled Meeting. Upon timely, written request and for worthy cause, an accused party may be granted a continuance to a new hearing date. In the event a person fails to appear for a hearing, the Board will review the evidence presented and make its decision accordingly.
- iv. Correction of Violation. In the event the violation is corrected prior to the hearing date, the Board may, if appropriate, discontinue the proceedings upon terms the Board shall decide.
- v. Board's Determination. If a hearing has been held, the Board may determine whether an Alleged Violator is in actual violation of any provision of the Governing Documents. The Board shall use the standard of proof of the preponderance of the evidence in determining whether or not a violation has occurred. If Board determines that a violation has occurred, the Board shall determine an appropriate assessment and/or corrective or remedial action to cure the violation. In making such determination, the Board may consider the nature of the violation; the severity of the violation is intentional and/or willful; and such other factors as the Board may consider to be appropriate.
- vi. Notice of Determination. Within thirty (30) days of the hearing, or such additional time as necessity warrants, the Member will be given notice of the determination.
- vii. Failure to Comply With Board Determination. If the Board determines that a violation has taken place, and if the Board determines that an assessment be levied as a result, and if the assessment is not paid within the specified number of days from receipt of written notice of the Board's decision (which notice shall be given by certified mail, return receipt requested) the Board may terminate all services provided by TSPOA, including water and garbage removal to all property owned by the Member located in TSPOA which are owned by the violator. If such assessment is not paid as specified, interest shall accrue thereon at the rate of eighteen percent (18%) per annum. If corrective or remedial action determined by the Board is not completed within the specified number of days from written notice of the Board's determination, the Board may terminate all TSPOA services to properties owned by the violator until the corrective action is completed.
- viii. Appeal of Fines. Monetary penalties for violations of TSPOA's Governing Documents may be appealed by appearing before the Board or by writing a letter to the Board presenting reasons and/or evidence why the fine should be removed.
- ix. Conflicts of Interest. If a member of the Board has a conflict of interest (i.e., they filed the complaint, if the complaint was filed against them, or if they have a personal interest in

the outcome of the hearing) such persons shall recuse themselves and they may not vote on the issue.

9. Attorneys' Fees. TSPOA will levy special assessments for reimbursement of attorneys' fees and costs from those Members against whom TSPOA must employ the services of an attorney to ensure compliance with TSPOA's Governing Documents regardless of whether legal proceedings are instituted. If TSPOA is required to take legal action to enforce the Governing Documents, in the event TSPOA prevails in such action, TSPOA shall be entitled to an additional award by the court of attorney's fees and costs.
10. Additional Remedies of TSPOA. In addition to the remedies specified above, TSPOA specifically reserved its right to pursue any and all remedies at law or in equity, including but not limited to, injunctive relief to secure enforcement, compliance and remediation of any violation of the Governing Documents.
11. Past Due Amounts. Any amount owed to TSPOA by a Member which is over thirty (30) days past due shall accrue interest payable to TSPOA at the rate of 1-1/2% per month. TSPOA reserves the right to terminate all TSPOA services to properties owned by the Member until payment is made in full or the Member enters into a payment plan which the Board may approve in its sole discretion.

XXI CONSTRUCTION

1. New Construction and Exterior Alteration of Structures. Before a Member commences any new construction, exterior alterations, or adding new structures or additions to structures on TSPOA Property (collectively referred to as "Construction"), the Member must obtain written approval from the Board. A structure shall include any improvement constructed, installed or placed permanently or in a manner that involves the breaking of ground, including but not limited to docks, decks, fences, hot tubs, and sheds. If a Member has any doubt as to whether or not something is a structure for the purpose of this provision, the Member is encouraged to ask for a written determination from the Building Director prior to acquisition or construction. The Board shall, from time-to-time, promulgate rules as to the approval process. All such proposed Construction must be in conformity with applicable laws, rules and regulations, including the New York State Building Code and Copake Town Law. For Construction within 100 feet of the water, the Member must obtain approval from the New York State Department of Environmental Conservation prior to seeking approval by the Board. All applications to the Board for approval shall include construction plans reviewed, approved and stamped by a Professional Engineer or Registered Architect licensed by New York State, (except for garages, decks, shed and fences, unless such professional review and approval is required by law). Approval by the Board is not intended to supplement governmental approvals, but is in addition to applying for government approval, if such governmental approval is required by law.
2. CONSTRUCTION IN VIOLATION OF THIS SECTION. If a Member commences any Construction prior to having obtained written approval from the Board, such Member shall be assessed a fee of \$500.00 in addition to the normal permit fee(S). The \$500.00 Fee will not be assessed if the Member removes such structures or additions to structures or reverses such exterior alterations within ten (10) days of a notice of demand by the Board. If the Member does not promptly remove the structure or apply for a

permit (including payment of this \$500.00 fee) within thirty (30) days of the notice of demand by the Board, TSPOA may require that the Member to stop construction and restore the property to its state, prior to construction.

XXII DANGEROUS OR UNSAFE PROPERTY OR STRUCTURES

1. Member's Duty to Maintain Property. No Member shall cause, suffer, allow or permit his/her property, including but not limited to, the structures on his/her lot, to become dangerous or unsafe to the public or to any person or property. In the event that the property or any structure thereon is or hereafter becomes dangerous or unsafe to the public or to any person or property, the Member shall repair, remediate, or remove the structure.
2. Failure to Maintain Property. In the event that the Member fails to repair, remediate, or remove the structure, TSPOA shall send notice to the Member by certified mail, return receipt requested and first class mail. Such notice shall contain a description of the premises, a statement of the particulars in which the lot, building, or structure is unsafe or dangerous and a directive requiring the property, building, or structure to be made safe and secure or removed. The notice shall also specify the time within which the repair, remediation, or removal of the building or structure shall be completed. If the Member fails, neglects, or refuses to comply with provisions of the notice, TSPOA reserves the right to take necessary steps to repair, remediate, or remove the dangerous or unsafe condition. Any and all TSPOA costs or expenses associated therewith, including legal expenses, shall be the responsibility of the Member. If the Member does not pay such costs and expenses, such costs and expenses shall constitute a lien upon the property, and TSPOA may bring an action to recover costs and expenses, including legal fees. In addition, TSPOA may withhold or curtail services to the Member until the property, building, or structures cease to be dangerous or unsafe, and until all costs and expenses incurred by TSPOA have been reimbursed.
3. Additional Remedies of TSPOA. Notwithstanding the foregoing, TSPOA reserves the right to maintain any action or proceeding in law or in equity to prevent or remedy any violation or infraction of any portion of this section. These remedies shall be in addition to remedies enumerated herein.

XXIII PROPERTY MAINTENANCE

1. Member's Duty to Maintain Property. No Member shall maintain or permit any nuisance on his/her property, nor shall such Member keep or maintain such property in a manner causing substantial diminution in the value of the other properties in the neighborhood in which such property is located.

property is detrimental to the health, safety, general welfare, and property values of the TSPOA community and constitutes a detriment to the clean, wholesome, safe, and attractive environment that is important to the TSPOA community. Maintenance of a nuisance as described above shall constitute a dangerous or unsafe condition and is prohibited.

XXIV GRASS MOWING, WEEDS AND YARD MAINTENANCE

1. Mowing. Yards and lawns should be maintained in a neat and orderly manner. Members are not to maintain on their lot any growth of grass or weeds over eight (8) inches, and such growth of grass or weeds shall constitute a nuisance injurious to the public interest and public health. TSPOA shall treat any such growth of grass or weeds as creating an unsafe condition. If a Member fails to maintain his or her lawn, TSPOA in its sole discretion, may hire someone to mow the lawn and then charge the homeowner the cost of such lawn care plus an administrative charge of \$50 per week.
2. Yard Maintenance. Shrubbery will be maintained in a neat and orderly manner and pruned on a regular basis. All toys and yard equipment must be picked up daily and stored out of sight from the street. Basketball goals are not allowed to be near the street. If a Member fails to arrange for the removal of dead or diseased trees from his or her lot after being given not less than thirty (30) days written notice, TSPOA, in its sole discretion, may contract to have such trees removed. In such event, the Member will be responsible for all charges related to removal of the trees plus an administrative charge in the amount of \$100.
3. Lawn Watering. Members should comply with TSPOA recommendations regarding the frequency of watering (i.e., no more frequently than every two days during the hottest part of the year

No Member or resident shall throw or deposit litter on any property within TSPOA in a manner which is unsightly or detracts from the general appearance of the community or which tends to create a danger to public health, safety or welfare. If a Member or resident fails to maintain his/her property free of litter or causes or allows his/her property to be in a condition which is unsightly or detracts from the general appearance of the TSPOA community or tends to create a danger to public health, safety or welfare, TSPOA shall treat the above as an unsafe condition. Members shall be responsible for the acts and omissions of occupants of their property, including tenants and invitees.

XXVI TERMINATION OF ASSOCIATION SERVICES

1. If a Member is not current in payment of all TSPOA dues, fees and/or assessments, including fees resulting through the enforcement provisions contained herein, or if the Board determines that a Member has not complied with any provision of the Governing Documents, TSPOA may discontinue TSPOA services (e.g. water supply and/or garbage removal) until all arrears are paid and there has been full compliance. If a specific action is required of a Member as a result of the enforcement provision contained herein, such services may be discontinued until there has been remediation, correction, and full compliance therewith.

2. Before TSPOA discontinues supplying water to a Member, TSPOA shall, by certified mail and first class mail, advise the Member of the proposed discontinuance of the water supply, the date of termination of such service, and give the Member at least five days to satisfy any arrears or complete the repair or take the directed action.

CONCLUSION

If we all observe these rules and regulations and help our neighbors to do the same, this will serve as the foundation for a rewarding life in a friendly and highly supportive community. It is to this end that the Board, after careful review and consideration, has approved these rules.

Inc., or any property owner to enforce such restrictions, conditions, covenants and agreements herein contained, shall in no event be deemed a waiver of right to do so thereafter.
18. Use of the roads, streets and ways at Taconic Shores now owned by Taconic Shores Property Owners Assoc. Inc. and of Robinson Lake and the appurtenant beaches, parks, playgrounds, boat docks, and other properties now owned by Taconic Shores Property Owners Assoc. 19. Where it appears that strict compliance with the building restrictions herein contained will prove to be impractical on a particular lot or where it appears that undue hardship would otherwise result from insistence upon such strict compliance, Taconic Shores Property Owners Assoc. Inc. may issue a written variance permitting the erection of a structure which would not otherwise fully comply with the building restrictions herein contained. The due issuance of such variance shall effectively waive compliance with these building restrictions to the limited extent provided in the variance.

Only items designed and intended by their manufacturers for outdoor use shall be maintained upon the property in such a manner that they, or their coverings, are visible to persons not on the lot or tract. Such items include, but are not limited to, boats, licensed automobiles, outdoor furniture, planters and barbeque equipment. Where TACONIC SHORES PROPERTY OWNERS, INC. deems there to be a violation of this restriction, it shall serve a written notice of violation, in person or by first class mail, upon the owner(s) of the lot or tract in question; together with a notice that the owner(s), no later than fourteen (14) days after service of the notice, may request a hearing before the Board of Directors. BYLAWS, and in addition, TACONIC SHORES PROPERTY OWNERS ASSOCIATION, INC. may avail

If no member of a section or district wishes to run, any member of the association in good standing may do so. Only members of the said section or district may vote for this director.

Terms of directors are to be staggered in such a manner that three are elected each year.

Each director shall be a member of the association in good standing during his or her directorship or shall be an officer or director of a corporation, which is a member of the association.

No officer or director shall be compensated for the performance of his/her office or service to the corporation.

Section II: Quorum

A majority of the members of the Board of Directors, acting at a meeting duly assembled, shall constitute a quorum for the transaction of business. But if at any meeting of the Board of Directors there shall be less than a quorum present, a majority of those present shall adjourn the meeting.

Section III: Removal

- (1) At any special meeting of the members, duly called as provided in these by-laws any director or directors may, by the affirmative vote of three-fourths (75%) of all of the votes of members entitled to vote for the election of such directors, be removed from office, either with or without cause, and his successor or their successor may be elected at such meeting or the remaining directors may, to the extent vacancies are not filled by such election, fill any vacancy or vacancies created by such removal.
- (2) However, absence of a director for four regular board meetings during the period of one year from the first meeting of the newly elected board shall be considered good cause for removal, and a majority of the remaining directors present at the meeting may, if no valid excuse be found for such absences, appoint a successor to fill the vacancy created by such removal until the next annual election of directors. The replacement director shall be selected from the same section, if possible, from which the removed director was elected.

Section IV: Vacancies

In case one or more vacancies shall occur in the Board of Directors, by reason of death, resignation or otherwise, except insofar as otherwise provided in the case of a vacancy or vacancies occurring by reason of removal by the members or Board of Directors, the remaining directors, although less than a quorum, may, by a majority vote, elect a successor, or successors, for the unexpired term or terms. A vacancy in the Board of Directors shall be deemed to exist whenever the directors increase their number by an amendment to these by-laws or whenever the members shall fail to elect directors. A timely written notice of vacancy is to be made to members of the district involved with a request for recommendations to fill the unexpired term. If no one in the section will serve, then any other member in good standing may be selected.

The President of the Board is an ex-officio member of all committees.

Section VII: Indemnification

A Director or Officer of the Corporation, his testator or interstate, made or threatened to be made a party to an action or proceeding other than one by or in the right of the corporation to procure a judgement in its favor, whether civil or criminal, including an action by or in the right of any other corporation of any type or kind, domestic or foreign, which any such director or officer served in any capacity at the request of the corporation by reason of the fact that he, his testator or intestate served such other corporation in any capacity, may be indemnified against judgements, fines, amounts paid in settlement and reasonable expenses, including attorneys' fees actually and necessarily incurred as a result of such action or any appeal therein if such Director or Officer acted in good faith, for the purpose which he reasonably believed to be in the best interest of the Corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe that his conduct was unlawful. The termination of any civil or criminal action or proceeding by judgment, settlement conviction or upon a plea of nolo contendere, or its equivalent, shall not in itself create a presumption that any such Director or Officer did not act, in good faith, for a purpose which he reasonable believed to be in best interests of the Corporation or that he had reasonable cause to believe that his conduct was unlawful.
