The Northern Ontario Expo/Timmings Comicon is a two-day sci-fi convention located in Timmins, Ontario. The event was founded in 2011 and was the first sci-fi and comic's convention in Northeastern Ontario. Each year, the event grows as the Northern Ontario Expo showcases artists, vendors, exhibitors, cosplayers and celebrity guests all under one roof. Fans of any genre can find themselves at home as they search for memorabilia, attend panels and participate in workshops.

The Northern Ontario Expo is a Not for Profit Organization with the main goal of enriching artistic people's lives by helping like-minded individuals come together and connect on a personal level.

Our intention is to focus the spotlight upon local & surrounding area artists, trades and businesses to develop a stronger and united heritage of the arts and culture community. Through face-face interaction, panels, presentations and seminars, our talent will be given a platform to engage and share their various skills and knowledge to the next generation of artists.

The Northern Ontario Expo is about helping to build and sustain a strong community, promoting arts education and freedom of artistic expression while preserving our northern cultural heritage.
