Size of fire protection connections are determined by applicant's fire protection firm and approved by the City of South Lake Tahoe or South Lake Tahoe Fire Department upon submittal and review of fire sprinkler calculations. Service installations will not be determined until City approved plans are received.

Any information provided by Lukins Brother Water Company, Inc. regarding water pressures are based on hydraulic modeling and may vary from actual pressures in Lukins system. Actual water pressures can vary significantly depending on the time of day, customer usage, water interruptions and operational problems. Lukins Brothers Water Company, Inc. does not guarantee, warrant or make any representation regarding the correctness, accuracy, or reliability of the information provided. The entire risk as to use of the information provided is assumed by the applicant. The applicant expressly disclaims, and agrees to indemnify and hold harmless Lukins Brothers Water Company, Inc. from any liability, claim, loss, damage or expense of any kind, including consequential and incidental damages, caused directly or indirectly by the applicant's or other person's use of information provided, adequacy of water pressure, or interruption or loss of water service.

I hereby apply for water service at the above premises and agree to use and pay, therefore; in accordance with the rates, rules and regulations legally in effect and on file with the Public Utilities Commission of the State of California.

California Public Utilities Commission Resolution W-4726, dated December 4, 2008, grants Lukins Brothers Water Company, Inc., the authority to collect a service connection fee from customers requesting future services to undeveloped lots. The maximum fee is $2,000 and is due and payable upon connection of water service to the property.
