1. Eniva Vibe® 2.0 – ALL-IN-ONE Nutritional Vitamin Supplement

Eniva's® feature product is **Vibe®**, an ALL-IN-ONE, one-of-a-kind, nutritionally balanced solution for your body's complex nutrient needs. This convenient supplement cocktail is so advanced that you won't find this level of quality product anywhere else. All you need is one ounce a day to receive a powerful and nutritionally packed dose of many of the essential vitamins and antioxidants you may not be getting enough of in your diet.

Consider this: Your body requires a consistent and complex mixture of nutrients just so you can go about your day. We all know it is often difficult to guarantee with food alone that you are receiving the correct amounts of essential vitamins and minerals that you need to keep things like your immune system, weight, and energy levels in check. It takes a combination of knowledge, effort, and dedication to achieve these kinds of results. Well, Eniva® has come to your rescue by carefully researching and formulating a very tasty and balanced supplement that will help you reach those goals in just one nutrition-packed ounce a day. And it won't break your budget. For the cost of a morning latte, you will be feeding your body with the essential nutrients it craves each day instead of filling up on caffeine, fat and sugar. **Vibe®** is available in a 32-ounce bottle or in portable 1-ounce packs you can carry with you to the gym, to work, or wherever you may travel.

Don't waste another day fiddling with bottles of vitamins and minerals and trying to guess what is right for your health. Look no further and give **Vibe®** a try today. Your body will thank you for it!

Also try **Eniva VIBE® Junior™** for kids. This version is specially formulated to give children a balanced supplemental dose of vitamins, minerals, and phytonutrients that are essential to every child's diet for proper growth and development. It's easy to take and it tastes so good that kids won't even know they are doing something healthy!
