

VOB Film Festival August 30st – September 2nd, 2018

Putnam County's Independent Film Festival

Dear Sponsor:

The VOB Film Festival is now in its seventh year and is excited to continue growing and sharing the message of the arts and independent film throughout Putnam County!

This schedule for 2018 is one that will feature many new ideas and performances. We will once again continue to show independent films all year long by having independent film nights in April, May and October, as well as our four day event of high quality, independent films from around the world. Films range from short films (less than 15 minutes) to feature length films of 90-120 minutes and represent all genres from animated to feature length dramas. They are crafted by independent film makers who are working toward honing their skills and talent. Many have won awards at various festivals around the world, while others are shown in our festival as local and even world premieres.

This year we will be introducing three new events to the festival, which will expand our base and appeal to film lovers everywhere!

Our May event will feature a 3-D and Virtual Reality experience. We are looking for a sponsor of the 3-D glasses and Cardboard Virtual Reality headsets. This new endeavor will bring 3-D short and feature films to our independent film center, plus show short films with a VR headset. The glasses and headsets will be a great way to promote your business and the festival and we will include your logo on the glasses for a \$750 sponsorship of the event.

To open our four day festival, we will be host to a feature length silent film with a full orchestra! This will have professional musicians perform while a silent film shows on the screen. If you have never been to this type of event, it is a must see and will be a great sponsorship opportunity. We are excited to bring this to Putnam County.

In October, we will repeat this event, but will show Silent Film Shorts with a High School orchestra. This will provide involvement from area High School band students and widen the appeal of our festival.

These three new events will continue to help us expand and provide a new, fresh and invigorating festival for our many attendees.

In 2017, because of sponsorship support, we were able to purchase a 14 foot screen, high quality projector, high quality camera and sound equipment. We were also able to contribute with other arts groups to heat and cool the facility that we use to make it truly a comfortable and enjoyable experience for everyone. In 2018, we are looking to expand our purchases to create a film studio experience by adding lights, better sound equipment and editing software. This will allow new film makers to have a studio that can be used to create their own films.

We are once again excited to bring these events to Putnam County, but can only do this event with your support. Our board is all-volunteer and we are a not-for-profit 501(c) 3. Our four day festival will once again be a multi-location event and will screen films in Brewster/Southeast, Carmel and Kent. Our 2017 event had over 750 attendees that came from many different states, as well as, locals from Putnam and neighboring counties. We believe our new events will help increase our attendance and are also partnering our marketing with other arts groups to help spread the word and your sponsorship further.

The Festival puts together a film guide in which we hope you can take out an ad. Your generosity makes this event possible as many of our film sessions are free or are provided at nominal costs.

If you are interested in becoming a sponsor, please contact me at 845-729-5107. Checks can be made payable to VOB Film Festival and sent to VOB Film Festival, 368 Bullet Hole Road, Patterson, NY 12563. The VOB Film Festival is a recognized 501(c)3.

I hope you consider supporting the arts and the Festival!

Sincerely,

Bob Dumont
Chairman

Village of Brewster (VOB) Film Festival
2018
