

May the Joy of His Light

Brighten Your Christmas

A Gift of Great Value!

*Of the things that I could think of, to put beneath your tree,
None has greater value than what Christ has given me.
He said that I should share it for it brings about great peace,
A hope that springs eternal; a joy that will not cease.
The Father gave His Son to pay the price for sin,
For man had strayed so far from God, death surely was our end;
He shared with man the only means, he could rise to Glory too,
Spared by mercy, saved by grace and His great love for you.
This is not some folksy tale, passed down from days of old
But a miracle, the greatest truth that man has ever told.
Now that you've heard the story, I hope you understand,
How precious is that special gift The Father gave to man.
So to honor God's great sacrifice, we celebrate this season
To share like Him, to show our love, there is no higher reason.
So come ye all and celebrate around your family tree
With loving gifts and joyful hearts, and peace and harmony.*

*For you I pray the best of health,
great wealth, and much success,
And may your home be filled with
love, joy, peace, and happiness.*

Merry Christmas
