

Bad Date Sheet – September 29th, 2020

Shift publishes the “Bad Date Sheet” as a way for sex workers to share bad experiences and help protect each other. Reports are confidential and can be done anonymously. You can report online at www.shiftcalgary.org, or via phone at **(403) 237-8171**. Staff at SafeWorks and Shift can also take reports directly and provide support to sex workers.

What is a bad date? A bad date is anything that you don’t want others to experience. This includes an uneasy or creepy feeling about someone, theft, refusal of payment, threats, and all acts of violence and aggression. *We often have additional information and reports that have not been published, please contact Shift for these details.*

Shift provides support services to adults of all genders who are working (or have worked) in the sex industry. We have a harm reduction and rights-based approach to sex work: this means that the safety and human rights of sex workers are our focus. Our support is here for those wanting to continue working in the industry, get out of the industry, or anything in between.
