Thank You!

To all the members of the Environment Committees and parishioners who came together to decorate our churches for the Christmas Season so beautifully.

ST. VINCENT DE PAUL SOCIETY extends a heartfelt **THANK YOU** to all parishioners who donated toys to another successful Toy Campaign. The Salvation Army was able to distribute the gifts to a number of local children to help make their Christmas a very merry one!

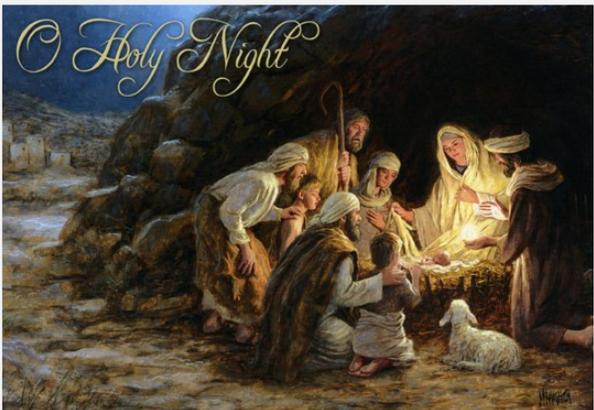

SAINT AUGUSTINE'S FAITH DEVELOPMENT

I would like to take this opportunity to wish a very Merry Christmas and Happy New Year to all of the families, facilitators and helpers of our faith development program. Once again this has certainly proved to be another challenging year for all of us and I would like to thank each of you for the commitment you have given to faith development during this difficult time. Best wishes for a happy and healthy holiday season and look forward to seeing you all in the New Year.

Eileen Caissie

Co-ordinator Faith Development

Merry Christmas

At this holy time of year, as we await the coming of our Lord and Saviour Jesus Christ, we see a glorious convergence of people and heavenly entities come together. How could the simple, poor shepherds have understood the extraordinary events taking place? For that matter, how could the educated and wealthy Magi have comprehended how a miracle was occurring. Choirs of Angels! A star to lead the way! A heavenly message of glad tidings! How enchanting, how full of grace that time must have been.

This year, I feel that same grace as I reflect on all that is and has gone on in our parishes this year. The commitment to keep our masses and celebrations continuing in a safe and secure and well attended manner. Our catechism and youth groups continue to nourish our young. The amazing work being done by the Ray of Hope Kitchen, Saint Vincent de Paul and our Beaverbrook lunch program, and so many other community efforts such as community gardens and food support programs that our parishioners actively participate in, are beautiful efforts to solve the immediate issues of hunger and poverty. Our outreach to the world is expressed in our refugee support program. Housing issues are being confronted bravely by our Seniors Housing Corporation and our connection with Rising Tide.

Our parishes are a light, a beacon, in this difficult and most trying of times. I cannot be more aware of God's presence in my life than when I see the incredible love, put into action, that these churches live out. I am in awe of the care and support that is put into the churches. It has been a pleasure to live out this experience with you. May God continue to bless and protect you.

Merry Christmas everyone !

Exploring our Faith

FAMILY

When I was studying theology at Fordham in 1964, a professor told us an anecdote from the diary of a 19th century missionary to the Far North. The professor said that it is a principle of anthropology that the more remote a society is from the centres of civilization the farther back in time it can lead us. When the missionary priest explained to the people the connection between sex and babies they laughed. How ridiculous, they said. Look at how often there is sex and how seldom there are babies. Everyone knows that the spirits of the ancestors enter the mouth of the mothers and begin to grow within them.

This conversation has been repeated over and over again in the course of our Western history, sometimes symbolically, sometimes straight up. The first time was "In the Beginning" between Eve and Adam. The knowledge passed on by Eve and the missionary was followed by what seems an obvious conclusion, namely that a man plants a "seed" (semen in Greek) into the woman who then gives birth to HIS child. Many consequences followed which are written in our history. He needed to know that the child this mother gave birth to was actually HIS child. As the child was his, it was no longer the village but the father who was responsible. "By the sweat of his brow" he provided for his family. The father needed to own things to do so. He even needed to own land for shelter. He needed to give what he owned to his son who carried his seed. Inheritance began so possessions could be passed on. It was believed that God gave to men alone the Seed of reproduction and therefore power and wealth became signs of God's blessing to fathers. This was understood as the "Natural Law" and defined the shape of families, while inheritance from father to son defined society.

I hear echoes of the earlier version of the natural order in Luke's story of the Annunciation. It was a way of expressing the divinity of the Christ. This earlier version of family life must have been known at that time. Luke also tells us in today's gospel that Jesus did not accept the name "Father" for anyone except God. We know that later on in his life the "powers that be" considered Christ's teaching to be quite threatening to their power.

As Saint John explains in his letter to us "we are God's children now" and this is His commandment "we should love one another, just as He has commanded us." Human power and ownership do not come from God. Only one commandment, to love, comes from God. All other rules and regulations are only human.

The Holy Family was a family grounded in love, not inheritance. Modern science has shown us how very complex heredity really is. Both the ancient theories of life were partly true. But what is now and always was true is that love is what creates Family.
