DESCRIPTION: The BP Pinto has always been a strikingly beautiful bow, but it also performs well. At 40#, this is suitable for hunting as well as the archery range. Made from a combination of black holly, white holly, and cherry, this is a great looking recurve. Very comfortable pistol grip. This bow has been refinished. No delamination; no cracks; limbs are straight. Tips overlays (on both side of the limb) are in great condition. NO drilled holes. No stress lines or crazing. A few scratches and scuffs. This is a really nice bow in excellent condition for its age. It cost \$80 new in 1967, which would be the equivalent of \$603,00 in 2019 inflation adjusted dollars.
