Reece Kelley was a happy, fun-loving boy who passed away after a tragic accident in the summer of 2008, four days before he was to start fourth grade. Reece had a big heart, a bright smile, and a sense of integrity. In his nine short years he made a difference to all who knew him. In his honor and memory, a Foundation bearing his name has been created. The primary goal of this Foundation is to raise money to provide college scholarships to students who are Making a Difference in their communities. We hope you will get involved in making this event a success!
