- Grade of C or better and instructor approval to move to the next Business course

Program Description

This program is designed for high school students as a gateway to the BAMO career pathway and provides an overview of business and technology skills required for today's business environment. Knowledge of business principles, the impact of financial decisions, and technology proficiencies demanded by business combine to establish the elements of this program. Emphasis is placed on developing proficient fundamental computer skills required for all career pathways.

Students will learn essentials for working in a business environment, managing and owning a business as well as being both personally and professionally successful in an information-based society. Students will not only understand the concepts but apply their knowledge to situations and defend their actions/decisions/choices through the knowledge and skills acquired in this program.

Employability skills are integrated into activities, tasks, and projects throughout the program standards to demonstrate the skills required by business and industry.

Special Features

Leadership opportunities available through participation in Business Professionals of America (BPA).

Work-based learning opportunities available.

STATEMENT OF COMPLIANCE

The Downriver Career Technical Consortium complies with all federal laws and regulations of the U.S. Department of Education. It is the policy of the Downriver Career Technical Consortium that no person on the basis of race, color, religion, national origin or ancestry, age, gender, marital status, disability or limited English proficiency shall be discriminated against or excluded from participation in any program or activity to which it is responsible or for which it receives financial assistance from the U.S. Department of Education. Furthermore, the consortium will encourage participation by all of the above.
