CUSTOMER RESPONSIBILITY

Connect Fees A non-refundable connect fee of \$50.00 for water service and \$50.00 for electric service is due before services will be established. No utility service will be connected or reconnected on weekends or after 4:30 PM weekdays.

Payment The City of Moran mails utility bills on the 10th of each monthly. Billed services generally include electric, water, sewer, and refuse. Charges for services will be made at the regular established rates for the class of service applicable to the applicant. It is the consumer's responsibility to review the monthly bills for accuracy and notify the City of any concerns. Utility payments must be paid in full, partial payments will not be accepted. Applicants presenting two insufficient fund checks to the City will be required to make all future payments by certified check, money order, or cash.

Delinquency The City of Moran's utility disconnect notice is printed on the monthly bill, no other notice is provided. Payment for services is due by the 25th of each month; a penalty of 10% of the unpaid balance will be added to accounts unpaid by the 25th. The City will terminate service to accounts unpaid after the 30th of each month. In order to restore service the customer must bring current all delinquent charges. In addition, the City will charge a \$75.00 reconnect fee each to re-establish water and electric service. Charges for security lights, refuse, sewer, or any other applicable charges are declared to be an inseparable part of the total utility bill and are subject to the payment policies established above. The applicant agrees to pay reasonable expenses of collection including attorney's fees and court costs should it become necessary to use such measures to collect the charges made to the applicant's account.

Reasonable Access The Customer agrees that the City will have the right of access to the Customer's premises at reasonable times for the purpose of installing, reading, inspecting, testing, maintaining, or repairing metering and regulating equipment, or for the purpose of removing its property, and for all other proper and lawful purposes. Service may be terminated if reasonable access is not permitted. The Customer understands that it is unlawful for any person, unless duly authorized by the superintendent or City Council, to disturb, interfere with, or damage any water or electric mains, pipes, machinery, tools, or meters belonging to, connected with, or under the control of the City of Moran.

Termination of Service The Customer shall provide a two day advance notice to the City when the Customer desires to discontinue utility services. In the event the Customer moves to a different location within the City, an application must be made for service at the different location. The Customer will be held liable to the City for all services received at the vacated location until payment in full has been made. The Customer shall also be held liable for all services at the vacated location until such time as the Customer has given the City the required advance notice and request to discontinue services.

The applicant warrants that all information provided by them in this application is true and correct and understands that false or misleading information shall be cause for the City to deny or cancel service and demand immediate payment of any amounts which are due. I further state that I am not, nor is any person who will be residing at this address, in arrears to the City of Moran for any previous utility bills.
