Re

- (i) Revision of the carbon target for 2050**
- (ii) Your obligation to safeguard the right to life**

To the Honourable Minister

We have not received a response to our letter to you dated 13 April 2017. That leads us to assume you do not intend to act on our representations.

We have, however, received a reply from Lord Deben, Chair of the Committee on Climate Change, and responded to his request to expand upon some of the matters we raised. We enclose this correspondence for your attention. It includes further information regarding the urgent and exceptional nature of the threat and your consequent obligation to address it.

We note the Government's recently published manifesto commitment to:

'lead international action against climate change.'

Yours sincerely

Tim Crosland
