

Petition: Stop Cell Towers on Prince George's County Public Schools

Cell towers are being placed on public school property throughout Prince George's County, Maryland. Specifically, Prince George's County Public Schools has contracted with Milestone Communications. 73 schools are named as available sites for these towers. Several towers are now in development.

We believe this issue needs a public airing in Prince George's County. Residents and parents are concerned about safety issues, property value devaluation, and long term health risks. Many community members feel they were not appropriately notified. Many parents had no idea of these plans.

We are calling for cancellation of ALL cell-tower contracts and construction at or near Prince George's County public schools.

Please join us in telling the Prince George's County Public Schools Board of Education and our elected officials that we are not willing to risk the health and safety of our children and that we do NOT want cell towers at or near our schools.
