## QUALIFIED AS A PILOT

We thank the Lord in guiding us, for me to get a pilot's license.

Heidi, my wife, backs me as she feels the same calling, and we thank all of you, for your support which assisted me in preparing for the Written, Oral and Practical Aeronautical exams. Having passed, I received the lifelong USA Federal Aviation Administration Pilot's Certificate. Many of you have prayed giving of yourselves, your time and your finances wholeheartedly into supporting this. It is our joy to share the good news of achieving, showing that your efforts and ours have resulted in a GREAT VICTORY and SUCCESS!

Praise JESUS, (as my wife mentioned) Arnold's, name means *eagle*, and now we've got the wings! Through the years God connected me with the aviation community in Peru, Colombia and Brazil and we're excited to see how the story unfolds. The Amazon Jungle is a 6 million square kilometer monster that's much easier to tame in a plane.

We persevered and got the FAA Pilot's License which is readily accepted throughout the Americas, including the Amazon, where we're reaching unreached peoples for JESUS. Your support effectively prepared, equipped and boosted us in this extra added service to God, the Unreached and the Body at large, letting His Kingdom come throughout the vastness of the hidden Amazon Jungle! Thank you so much again for your endeavors, love, financial support, prayers and attention. Great is your reward as you join us in speeding the day of His Coming. 2 Pet 3:11-12

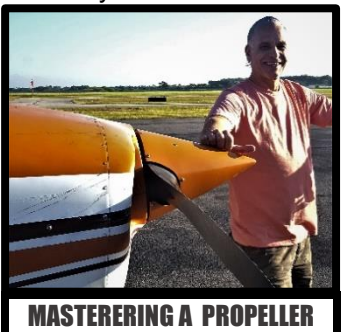

## DATABASE

Some of you may be receiving this newsletter for the first time, despite having given your details some years ago. Our database has recently undergone a major overhaul. Please keep us up to date by sending your email/ mobile phone number to amazonmissions@gmail.com. Follow us on social media (See our details at the top of page 1).

## IN THE AMAZON JUNGLE

At present we're preparing for a big push into the most unreached parts of the (Peruvian) Amazon Jungle. Your prayers are critical to assist us in battering down invisible barriers and seeing the awesome news of JESUS Christ flowing into the jungle. A couple of New Zealanders, Gerhard and Suzie, are reaching out with us for the second time. We'll be leaving for an associate tribe, then reaching out with us to the unreached tribe, with whom we previously had contact. This is our goal which we always achieve. We're building forth on the relationships we already started.

The particular river we're targeting forms the upper reaches of a tributary that flows into the Amazon River. Approximately 15 indigenous communities live across this remote area where Coca-Cola is hard to find. Bibles don't make it here. With your backing, we're taking them in.

# LITTLE IS PLENTY

PRAY FOR HER

It's not just US\$ 50.00 a year/month that make God's missions like Amazon Missions operate, but most of the times the frowned upon US\$ 5.00 or 10.00, which people stopped sowing, because they thought it to be of too little value and inferior. God uses any amount of money.

The Bible reminds us that JESUS multiplied 5 loaves and 2 fishes into thousands, feeding those people. The little boy didn't care what anyone thought of him giving little; he cared about helping and was grateful to be part of the solution! The widow's 2 pennies was worth more than all the other people's offerings sowed that day. She didn't care what anyone thought of her. She cared about obeying God. God doesn't need, large amounts. He needs YOU!

Amongst many things, our giving towards God, brings freedom (ourselves, being so challenged). People get discouraged to sow finances for God's work, misperceiving their amount to be too little. Then they surrender to no avail. Your US\$ 5.00 or 10.00 mean more than you think! It's attitude ... not what you give, which qualifies. Don't despise the day of small beginnings. Zechariah 4:10. God does the wonders with what you bring to Him!

## THE AIRPLANE SLING TSi (TURBO SPORT INJECTED - STATISTICS)

We are open to purchase any aircraft, but the planned airplane is the Sling TSi, designed, developed and manufactured in Gauteng, near Johannesburg (south of Uncle Charlie's) close to the town center of Eikenhof, a little way south on the old Vereeniging Road. A couple of 100 yards away from where I grew up in the 1960's. Who would've known that the Amazon Missions' prospective airplane, was going to be built a short distance from my childhood home? The Sling TSi does short/ soft field takeoffs and landings, as is necessary in the Amazon. It cruises intercontinentally on car gas at economical costs.

SLING 4 - AIRCRAFT IN FLIGHT

The South African developed Sling is internationally acclaimed as one of the top 5 sport (type) airplanes, having won itself a place in the Guinness World Book of Records for the fastest time (non-stop) in a 2-seater airplane between Argentina and South Africa. Flown on Mogas (car gas/petrol), its reliability was proved by going around the world. Its operating cost is around US\$ 60/hr at 155 kts cruising (TAS), burning 7-8 G/ph/ 28 L/ph of car gas/ petrol, while at 130 kts operating cost is much lower. It reaches Natal, Brazil from Conakry, Guinea, Africa, cruising at 130 kts, an altitude of 18 000 ft/ 5487 m, covering 1830 mi/ 1590 n.mi/ 2944 km. The maximum range of 800 n.mi (1482 km) is extended by placing a hopper tank on the back seat. With a maximum gross weight of 2095 lb/ 950 kg (it has an emergency aircraft parachute) and an empty weight of 1080 lb/ 490 kg (useful load 1015 lb/ 460 kg) it weighs lighter than the same type of aircrafts but loads more than they do. The lighter Rotax 915 iS Turbocharged Intercooled Engine climbs at a 1000 ft p/min/ 305 m p/min pushing out 141 hp. This plane costs US\$ 180 000.00 - 64% less than the cost of other planes of its class and type. Compare the statistics with aircraft of its category, class and type and see how the overall economy and optimal efficiency, surpasses them.

SLING TSi - AIRCRAFT - JHB

We're using this plane, in the place of a car, for witness tours internationally, continuing to advocate God's work in the Amazon, as we've done for the past 27 years. Our main drive continues to be reaching more tribes for JESUS, more effectively with the plane, taking Bibles in to the Amazon Jungle. Everyone's support towards this mission of God is catapulting us into more resourceful ways of doing this.
