

SI-60

Foam Sticks for water removal and scale control in gas wells.

PRODUCT DESCRIPTION

SI-60 is a purple hard stick contained in a split cardboard tube.

PRODUCT BENEFITS

SI-60 is a custom formulated soap stick to perform well in most well fluids. The formula also includes a specific product to prevent scale.

APPLICATION

For best results to control scale in the area of the perforations it may be necessary to close the well in for a few hours or overnight if feasible.

For controlling scale in the surface equipment apply the stick as usual for dewatering the well. Experience indicates the addition of the scale inhibitor to the foam stick enhance the product performance.

SHIPPING AVAILABILITY

Sticks are shipped in 50, 70, and 100 count cases. Also available in open top drum containing 500 sticks.

TYPICAL PHYSICAL PROPERTIES
