

## Notification of Test Policy Change

Effective January 1st, 2022, Washington Figure Skating Club will offer Senior and Junior Free Skate and Senior and Junior Partnered Free Dance tests for no registration fee if taken at WFSC test sessions.

The purpose of this change is twofold:

1. To congratulate skaters who have made it to the top of the free skating and partnered dance test structures.
2. To assist officials who need to trial judge these tests in person to achieve Gold-level test judging appointments.

For this reason, this benefit will only apply if the skater actually shows up and skates the test at the test session.

Here's what to expect:

1. The skater registers for the test on EntryEeze at full price to reserve the ice time and officials needed to hold that test.
2. After the test is completed, WFSC will refund the cost of the registration fee to the credit card used for the registration. Only the processing fee that goes to EntryEeze (and the out-of-club fee for testers who are not WFSC members) would be still charged.

Skaters who register for these tests and then withdraw with less than 21 days notice will not receive a refund, except in cases of injury with documentation from a physician.
