

DIVISION 9 ENGINEERED-TO-ORDER WOOD CEILINGS

## 9Wood AIA CE Course – In-person Delivery

In-person delivery of the 9Wood AIA CE course. Our format is a 37-minute video plus Q&A and discussion. This gives attendees (1) Health, Safety and Welfare Learning Unit (HSW LU). Please read the overview and guidelines below.

**Course Title: “Suspended Wood Ceilings: Design to Delivery”**

**Format: 37-minute video + discussion = (1) Health, Safety and Welfare Learning Unit**

**Provider: The Continuing Architect**

**Provider #: K483**

**Course Sponsor: 9Wood**

**Course Presenters: Michael, Katie, Steve and Taylor (pre-recorded in the video)**

**Course Proctor: 9Wood independent rep(s)**

**Description:** Comprehensive discussion of the key factors that inform and influence the specification of a suspended wood ceiling. This course covers the benefits of suspended wood ceilings; materials including wood options such as veneers, solid wood or reclaimed wood; sustainability attributes; and performance characteristics.
