

Elementary Summer Program at Monroe Montessori School

The Elementary Summer program offer opportunities for children going into 2nd grade through sixth grade to work together on academics within both classroom and outdoor environments. Students will complete classroom works and weekly themed hands-on projects in addition to recreational fun, nature walks, and school bus trips to a variety of meaningful destinations. This program runs from 8:30 a.m. to 3:30 p.m. daily.

Classroom works center around the theme of the week and involve reading, writing, and math skills as well as creative thinking and problem solving skills. Outdoor time includes additional hands-on activities, arts-n-crafts, recreation, water play and off-campus adventures (see flyer). Students return to the classroom by 3:00 p.m. for a review of the day before getting ready to dismiss at 3:30 from the elementary building. Before and after school care is available in from 7:00-8:30 a.m. and 3:30 - 6:00 p.m. in classroom A2 next to the main school office.

Give your child a great summer experience! Sign up today. **Early Bird Deadline is Wednesday, May 23rd.**

Summer Slide - It is important to keep your child's brain active and learning during the summer months. Not using or challenging your brain for 3 months has unintended consequences in young children. It is referred to as "summer academic loss" or "summer slide" and it's real! Studies have shown that children enrolled in summer programs are 2 years head of their peers by the time they reach fifth grade. It's easy to see the importance of continuing to develop critical thinking skills, academic confidence and cognitive ability throughout the summer. *Stop Summer Academic Loss. Study by Metametrics, Malbert Smith, III, Ph. D*

Date	Emphasis	Full Day	Half Day	Amount Due
1	June 18 - June 22 Gardening: Come learn all about growing a bountiful vegetable garden! We will plant a variety of healthy vegetables on campus from seeds and starts and discover what is necessary for plants to grow. We will learn about the parts of plants and create some beautiful garden artwork such as stepping stones and painted terra cotta pots. We will visit a local community garden and farm and will learn from local gardening experts.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
2	June 25 - June 29 Nature Exploration: We will explore the natural environment around our school by going on daily nature walks as junior scientists. We will be learning about local flora and fauna. We will create bug habitats and even go on a bug hunt! We will also as keep nature journals and create leaf rubbings and pressed flower bookmarks. Each student will be able to bring home a potted plant chosen from a variety of species native to our local community.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
3	July 9 - July 13 Hiking and Camping 101: We will learn how to set up tents and create a makeshift campsite on the playground where we will spend time together during the afternoons. While at our campsite, we will write outdoor adventures, tell creative campfire stories, sing campfire songs, and make creative outdoor items such as mini first aid kits. We will also put our outdoor skills to the test on a hiking trip to Lords Hill Park, where we will enjoy our homemade trail snacks to sustain us on our journey.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
4	July 16 - July 20 Native American Study: The Pacific Northwest is home to a rich history of Native Americans. We will explore local tribal cultures and learn about their history, art, folklore, food, dance and contributions to our land. Activities will include making our own dream catchers, totem poles, fish prints, jewelry, and rain sticks.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
5	July 23 - July 27 Launching into Space: So much is unknown about our vast universe. We will embark on an amazing voyage as we study the planets, the stars, the moon, and what it is like launching into, and living, in space. We will even try some astronaut food and make our own recycled objects rockets.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
6	July 31 - Aug. 4 Space is Beauty: Space is such a beautiful thing to see. A picture of our amazing galaxy is a thing of inspiration. We will dedicate this week to a continuation of our space study to include art projects and stories inspired by the planets and stars such as; tinfoil moon paintings, constellation projectors, planetary paintings and bracelets, and planet mobiles.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
7	Aug. 6 - Aug. 10 Under the Ocean: Oceans and underwater sea creatures are awe inspiring. Join ua this week as we dive deep into our study of oceans and learn about sea creatures, both real and mythical. We will also research a variety of plants and animal sea life and create our own scientific research booklets as well learn the importance the ocean has on our ecosystem.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
8	Aug. 13- Aug. 17 Pirates & Mysteries of the Sea: Pirates, treasure maps, and shipwrecks, oh my! Come learn the way of the seas as we create our own treasure maps and have fun finding our own lost treasure. Learn the myths and facts about various famous pirates and how they navigated the high seas. Ahoy there, Matey!	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
9	Aug. 20 - Aug. 24 Bubbles and Fun in the Sun!: Our last week of summer school will be filled with water activities and ... bubbles! We will make bubble wands and create bubble art! We will also make our own ice cream to cool us down as well as chalk art and outdoor games like bubble slip-n-sliding at the park. We will end our week of outdoor fun with a field trip to Flowing Lake where we will enjoy a picnic lunch, forest hike and quality beach time together.	<input type="checkbox"/> \$225	<input type="checkbox"/> \$145	
10	Aug. 27 - Aug. 31 <i>Teacher prep week - no regular classes. Clubhouse Care available with minimum advance sign up. Open House is Wednesday, Aug. 29th.</i>			
<p>To register: Check which sessions you would like your child to attend. Attach a \$25 registration fee plus the first week's tuition and return to the office. Subsequent weeks are due the first day of class. Early Bird Special: If you are paying for 5 or more sessions with one check before June 1st, the \$25 registration fee is waived. Before and aftercare available daily. All field trip travel is already included in weekly tuition!</p> <p>Extended Care Available: <input type="checkbox"/> I need A.M. Extended Care (7:00-8:30) <input type="checkbox"/> I need P.M. Extended Care (3:30-6:00)</p>
