## Preparing for your IEP Meeting

Please join us for an in-depth presentation on how to prepare for your child's IEP meetings.

- Become familiar with IDEA and NYS regulations.
- Learn about the IEP process, Procedural Safeguards and Due Process.
- Learn steps to take before, during and after your IEP meeting to ensure you have the tools you need to feel confident advocating for your child.

Please join us after the presentation for our discussion circle. This is a great opportunity to learn from, share, and support each other. Hope to see you there.
