PROVINCIAL ELECTION CANDIDATES

OFFICIAL NAT. UNION

GUY PAGER

Guy Pager, O.C., official National Union candidate for Jacques Cartier County, was born in Outremont, Quebec, in 1920. He was educated in Outremont and is a graduate of the University of Montreal. Fluently bi-lingual, he has a legal practice specializing in civic affairs and was recently named Queen's Counsel.

A member of the Dorval School Board since 1955, he was elected Chairman in 1958. He is also Vice Chairman of the Roman Catholic School Board of Quebec province.

Married and the father of three children, Mr. Pager has been a resident of Dorval since returning to civilian life at the end of World War II.

Mr. Pager's platform is as follows: (a) Water Pollution: Mr. Pager recognizes the seriousness of this problem and intends to press for assistance from the Provincial authorities to build municipal sewage treatment plants.

(b) Education: Mr. Pager promises to use his knowledge of educational problems to work for the continuation of school board aid from the Province and to seek new ways to aid educational institutions in Jacques Cartier County.

(c) Highways: Mr. Pager is a strong advocate of Government assistance in the building of the new Metropolitan Boulevard. He has also proposed a new cloverleaf at the Dorval Traffic Circle, modernization of the Lachine-St. Anne's Highway and improvements to Cote Vertu, Bois France, Sources Road and the provincial road in Beaconsfield, Baie d'Urfee and Ste. Anne de Bellevue.

(d) Municipal Assistance: Mr. Pager has examined all phases of Municipal government and as a result he feels that the municipalities of Jacques Cartier County deserve help in the field of community projects such as recreation centres, in addition to the specific help

Cont'd on page 10

LIBERAL

CHARLES A. KIRKLAND

Liberal candidate Dr. Charles A. Kirkland, age 62, was born in St. Constant, Quebec. Of Scottish-French parentage, he is fluently bi-lingual. A graduate of the University of Montreal, he completed his medical studies at the Boston Harvard Medical School.

A resident of Ville St. Pierre, he was elected a member of the Provincial Parliament for the County of Jacques Cartier as a Liberal in 1939 and was subsequently re-elected in 1944, 1948, 1952 and 1956. He has acted as the whip of the Liberal party since 1944.

In addition to participating in politics at the Provincial level, Dr. Kirkland was the Mayor of Ville St. Pierre for 20 years. He is a life member of the British Empire Service Club and has also devoted much of his time to such organizations as the St. John's Ambulance Corps, and the Ville St. Pierre Children's Clinic, to name a few.

Married, Dr. Kirkland has one daughter, Marie-Claire, a lawyer, who is married to Philippe Casgrain, also a lawyer.

Dr. Kirkland's platform is as follows:

(a) Water Pollution: Action must be taken without delay to clean up pollution of the waters of Lake St. Louis in particular. Dr. Kirkland has consulted experts in this regard and claims this condition can be corrected within a relatively short time.

(b) Level Crossing: All level crossings should be eliminated. A fund is available for this purpose and, according to the Liberal M.L.A., proper cooperation between the various bodies concerned can bring this about.

(c) Hospital Facilities: The need for another hospital in Jacques Cartier riding, located in a Central area, has been recognized by the Doctor and he promises to see to it

NATIONAL UNION

REMI BEAUCHAMP

Remi Beauchamp A.P.A., 42 years of age, is a resident and well-known business man in the City of Lachine where he has been in public practice as an auditor for the past 20 years.

He received his early education at the Superior Piche School of Lachine and in 1941 obtained his Master of Commerce from the School of High Commercial Studies of Montreal (Montreal University).

A member of the Institute of Accredited Public Accountants, Mr. Beauchamp is also a past president of the Institute. In 1951 he was elected president of the Piche Academy Old Boys Association; in 1952 he was elected President of the Lachine Chamber of Commerce; and during the period 1954-55 he served as an alderman on the Lachine City Council.

In 1948 and 1952, Mr. Beauchamp acted as returning officer for provincial elections in the Jacques Cartier riding.

A family man, he is married to Pauline Tessier, daughter of the late J.A. Tessier of Lachine, and has five children. He is bilingual.

Mr. Beauchamp's platform is as follows:

(a) He pledges his complete support of the province-wide programs which the Hon. Antonio Barrette has enunciated in his current election campaign.

(b) In the Jacques Cartier riding, it is his intention to pursue all possible means of eliminating the Metropolitan Government concept on the Island of Montreal or, if this is not possible, to place a definite limit on its powers and expenses. In this connection, Mr. Beauchamp states that, if elected, he will again re-organize the Association of Municipal Representatives to combat the Metro scheme.

(c) Mr. Beauchamp also advocates the formation of a commission with the necessary powers to con-

Continued on Page 8

INDEPENDENT LIBERAL

Mr. Bram Vatch, 32 Independent Liberal, is the fourth candidate running for office in Jacques Cartier. Mr. Vatch who resides in St. Martin was educated in Montreal and Sherbrooke and is a General Contractor by profession. Married, with one child, Mr. Vatch is also bilingual.

In addition to advocating better measures for control of water pollution and the advancement of educational standards, Mr. Vatch promises, if elected, to press for reduction in airplane noise at both Dorval and Cartierville Airports.

CITY COUNCIL NEWS & NOTES

EAST WARD BY-ELECTION

The resignation of G. Mitchell Bourke, one of three aldermen elected from the East Ward in the last municipal election in Dorval, was accepted with extreme regret by members of the City Council at their regular meeting on June 8th.

Mr. Bourke has sold his property in Dorval and, as stated in his letter of resignation, he is no longer eligible to sit as Dorval alderman under the provisions of Quebec Law.

June 20th has been fixed as the date for the nomination of candidates to fill the vacancy thus created. The by-election will follow shortly thereafter.

DORVAL SEWAGE TREATMENT PLANT

Reading of a letter concerning water pollution was given at the meeting. The letter, dated June 2, 1960, was signed by Mr. Ch. Leon Lorrain, President of the Commission for Control of Water Pollution.

The letter stated in effect that, in view of the high degree of pollution on the north shore of Lake St. Louis bordering Ste. Anne de Bellevue, Pointe Claire and Dorval, the Provincial government would be willing to defray the cost of preparing plans and estimates for a sewage treatment plant for Dorval. The monies would be drawn from a provincial fund of \$100,000 which has been established to cover this type of expense incurred by municipalities who require sewage treatment facilities.

On a motion by Alderman E.S. Bradiell, seconded by Mrs. Hazel Ballantyne, the City unanimously agreed to retain the services of the engineering firm of Lalonde, Girouard and Letendre to prepare the necessary plans and estimates for such a plant on the understanding

Seven firsts were won by Dorval schools, six of them by Dorval Gardens School, one by Surrey Gardens in the Second Annual Elementary School Track Meet of Lachine Protestant Schools, held on Tuesday, June 7th at Lachine High School. Seven schools of which two were from Dorval and the rest from Lachine and Ville LaSalle, including 330 students from grades 4 to 7, participated in 12 track and field events.

Dorval Gardens distinguished itself by winning the highest number of points in track and field events for boys 10 and 11. The following participants from Dorval won firsts: High Jump, Dorval Gardens, Boy's D. Simpson, Dorval won firsts: High Jump, tied in 100 yd. Dash; B. Grichton, Dorval Gardens, Boy's High Jump; L. Malboeuf, Dorval Gardens Girls' Volleyball throw; J. Philip, Girls' 13 and under, 75 Yd. Dash; V. James, Surrey Gardens, Girls' 60 Yd. Dash; Dorval Gardens won the 440 Relay for Girls 10 and under.

Others from Dorval Gardens who placed second or third in track and field events were Boys; J. Vandenburg, S. Mather, M. Nicholson, R. Mash, R. Scholes, G. McAllister; Girls: B. Bryant, J. Philip, C. Kerr. From Surrey Gardens were C. Wood, and Misses James and Hope who came second in the 3-legged race for Girls 11.

Rev. Mackay To Officiate At Drive-In Service

"HAVE YOU HAD ANY LUCK?" will be the subject of the sermon to be delivered by the Rev. Dr. Clifton J. Mackay, at the Open-Air Drive-In Presbyterian Church Service to be held at the Dorval Gardens Shopping Centre at eight o'clock on Sunday evening, June 19th. Dr. Mackay is the Minister of Knox Crescent and Kensington Church in Notre Dame de Grace. These open-air services are sponsored by the Presbytery of Montreal of The Presbyterian Church in Canada, and are held rain or shine. Sound equipment is provided, and persons may remain in their cars while participating in the Service of Worship. Mrs. W.R. Ring-All, Organist, and the Choir of The Presbyterian Church of St. Columba-by-the-Lake will be present.

that their fee would be paid from the provincial fund above mentioned.

CIVIC LIBRARY BOARD

The following were re-appointed by City Council to the Board of the Dorval Civic Library for the ensuing year:
Mr. J.G. Dolan President
Mrs. J.H. McLellan Sec.-Treasurer
Mr. B. Farrar
Mr. J.K. Lallamie
Mr. Guy Pager

National Water Safety Week

Next week is National Water Safety Week, an annual appeal to our common sense by the Canadian Red Cross, to reduce the tragic toll of drownings.

Good manners are just an essential in, on or near the water as they are on land. In the carefree enjoyment of the water, many of us forget this. Running, pushing, diving from ledges, or swimming under docks, boats or towers often cause nasty accidents, and are too often the cause of a loss of life.

It is in our own good interest to remember to be courteous, always, when we're dealing with the water and others who may be near it. We wouldn't like someone else to act in a foolhardy manner and place us in a precarious position in the water.

We should remember that the other fellow may be inexperienced, no matter how much at home in the water we may be. A "stunt" which starts out in seemingly good fun could, and too often does, end up in tragedy — the tragedy which is the loss of another life.

So let's not forget our good manners merely because we're on vacation. Let's not be the cause of a single drowning this summer. Be Water Wise! Both toward ourselves, and others.

John Pratt says

I have just returned from Great Britain on a jet aircraft which took only a little over seven hours for a non-stop flight from London to Dorval. I left London a little after 2:00 P.M., London time, and arrived in Dorval a little after 4:00 P.M., Montreal time. In other words, the journey consumed only two hours of clock time. One can imagine the amazing possibilities that lie ahead as planes become faster. It will be possible to leave London at lunch time and arrive in Montreal in time for breakfast several hours before you left London.

* * * *

The Commonwealth Conference on Parliamentary Practice and Procedure which I have been attending has been a most interesting and informative one. This Conference gave me an invaluable opportunity

to meet and converse with representatives of Commonwealth nations from all over the globe. For over a month we lived together and got to know each other and each others' problems very well. The Commonwealth is an extraordinary organization of nations with differing backgrounds but, to a large extent, with similar aspirations. Of the twenty-eight delegates only three were white men and even one of these represented a state in the heart of Africa. The other two were the Australian representative and myself, representing Canada.

Incidentally, although this is the ninth such Conference, both Australia and Canada were sending representatives for the very first time. As the first Canadian ever to attend such a Conference, I must say that in my opinion it is high time that Canada took a greater interest in the affairs of the Commonwealth than she has in the past. It is very easy for us in Canada, overwhelmed as we are by radio, television and newspapers from the United States, to be aware only of what goes on to the immediate south of us rather than take an interest in the extremely important events which are taking place to the east and west,

where new nations are emerging every few weeks to take their place in this group of nations known as the Commonwealth.

There is no doubt whatsoever that the Australian and Canadian representatives were most welcome at this Conference, not only by our hosts in the United Kingdom but also by the representatives of our sister nations. I found the Asians and Africans very frank and open in discussing their problems with the Australian and myself. I even sensed that they had much less embarrassment in discussing some of these touchy problems with us than they possibly had in taking them up with their former rulers, the British Colonial Office. There seemed to be a parallel here in the fact that it is sometimes easier to talk over your problems with a brother than with a parent.

In any case, I am happy to report that Canada has a tremendous reputation with all these new rising nations. They trust us and they look to us for help and assistance in their own struggle to achieve nationhood as we have done. Many of them are impressed by the fact that we have achieved our status without revolution or bloodshed and one should not overlook the importance of this example to many of these countries whose leaders are sometime desperate enough to consider violence as a means of obtaining their objectives.

For over a month I have lived daily with men, some of whom have been very close to such reckless elements as the Mau-Mau, and it is extremely interesting to hear them propound the opposite side of the question as they see it. One point that interested me particularly was the fact that captured Mau-Mau were given a treatment known as "Psychological-Rehabilitation". It seemed to me that this could very well be another name for a similar treatment called "Brain-Washing", which we condemn so heartily. Experiences like this serve to point up the old cliché that there is good and bad in all men and that we must be ever on our guard to avoid the pitfalls of selfishness for which we so easily condemn others.

CN To Run Voters Specials

Three extra commuter trains -- Voters Specials -- will be operated by Canadian National Railways on Election Day, June 22nd, and some regular commuter trains will make extra stops and carry additional coaches for the convenience of those who will be leaving the city early to go to the polls.

The "Voters Specials", which will make all intermediate stops between Central Station and their destination, will leave for St. Eustache at 3:30 p.m., daylight time, for St. Hyacinthe at 3:35 p.m., and to Dorval at 3:45 p.m., DST.

The regular 3:45 p.m. train to Lac Remi will on this day make special stops at Mount Royal, Val Royal, Roxboro, Bigras Island, Ste. Dorothee, Laval-sur-le-Lac, and St. Eustache, beyond which it will make regular scheduled stops.

morning?

This nuisance has been imposed on local residents without any warning, or regards for their rights, but it does not necessarily mean that it has to be borne uncomplainingly, and I strongly recommend that all those citizens who are experiencing jet-disturbed nights make haste to do something about attempting to ameliorate the situation by making known their feeling to our Member for Parliament.

Letters To The Editor

The Editor,
The Dorval Reporter.

I would very much appreciate your providing a little space to reprint my feelings, as follows, on a subject which is, judging from the remarks being exchanged daily in this city, a current headache.

"Anything causing annoyance, inconvenience, or injury to another" — thus is described nuisance. A person behaving in such a manner to perpetrate a nuisance can be legally enforced to refrain from so doing, but the citizens of Dorval are at present experiencing a flagrant example of nuisance which does not have to continue unchecked. I am, of course, referring to the exceptionally low-flying, noisy, nerve-racking jet airliners which, despite earlier assurances to the contrary, appear to be allowed to land and take off at different hours throughout the night, causing widespread annoyance and discomfort, — not to mention the many thousands of dollars devaluation in property values in what has been up to now, a choice lakeside location to live in.

Is it logical that, in peacetime, 15,000 persons should be subjected to the possibility of inconvenience for the sake of perhaps 100 travellers arriving at 4 o'clock in the

**DORVAL UNITED CHURCH JUNIOR CHOIR AS THEY APPEARED AFTER THE SERVICE
AT WHICH THEY SERVED AS THE SOLE CHOIR**

TOP ROW: Pam Gray, Donna Cooper, Pat Vallery, Barbara Bryant, Barbara Lapointe, Mrs. R. Stewart, accompanist; Mrs. G. Makin, Director; Phyllis Griffin, Jackie Phillip, Beverley Ham; Anne Hamilton, Lynn Shurman. **Middle Row:** Kathy Lapointe, Pam Thompson, Jimmy Greenwood, Peggy Townsend, Alec Allison, Bradley Cooper, Kerry Lowe, Lisa Eisenhardt, Gloria Greeniaus, Sheila Burnett. **Front Row:** Kathy Goodfellow, John Owen, Marilyn Langmoore, David Owen, Heather Andeson, Cheryl Hamilton, Margaret Mat-ticks, Judy Dow, Lise Prieur, Barbara Anderson, Barbara Goodfellow.

Last Monday evening saw the wind-up of the current season of the Dorval United Church Junior Choir when they were entertained in the Church Hall by their Director Mrs. Gordon Makin at a party. The evening took the form of a variety show started by a sing-song following which President Barbara Lapointe M.C.'d a show featuring piano solos, duets, vocal selections, a magician's act and a special visit by the Tananyika Trio to infuse it with some hilarity.

Focal point of interest at the U-shaped supper table was a tiered cake on which was a replica in icing of the shield the choir won in the Festival a month ago. Awards were made to Pamela Gray for perfect attendance; to Barbara Bryant, Bradley Cooper, Gloria Greeniaus, David Owen, John Owen, Jackie Phillip and Pat Vallery for almost perfect attendance. The overall attendance record over the past season was 87%.

The party was Mrs. Makin's farewell to the Junior Choir as she is

accepting an appointment as organist and choir director of Beaconsfield United Church. The choir presented her with the Dulton figurine "Autumn Breezes" and a corsage of white carnations. Mrs.

R. Machum who substituted as accompanist was remembered with a corsage of pink carnations.

DORVAL RECREATION ASSOCIATION officials announce that work is progressing very favorably on both new swimming pools in Surrey Gardens and Ballantyne Parks. Opening date has been set for June 24th for both these new pools, as well as the Walters Park pool. However, weather permitting officials plan to allow all members use of the Walters Park pool on Saturday and Sunday, June 18th and 19th from 10 a.m. to 6 p.m.

Chairman F.J. Pougnet of the DRA Swimming Pool Committee announces that application forms are being returned rather slowly, and due to the fact that they are processed by volunteer help, urgently requests that forms be returned immediately, to avoid disappointment in not having your badges for the grand opening.

Staff personnel for all three pools is ready and announcement will be made shortly naming the complement at each pool.

The photographs show workmen putting the finishing touches to framework at the Surrey Gardens Park pool, in preparation for concreting during this week.

The preliminary excavation for the L-shaped pool in Ballantyne Park has been done, and framing is due to start within a few days.

Two Bands At Dorval Day Teen Hop

Two orchestras will be featured at the Dorval Day Teen Hop to be held in the Recreation Center, 37 Lakeshore Drive, on Friday evening, June 24th.

Herb Picard and his popular orchestra will give out with the slow and dreamy as well as all the 'pop' hits while 'Terry and the Pirates' a rock 'n' roll combo from Lachine High School will give out with the faster tempo.

Over 300 teenagers are expected to pack the hall for this event. It will be the first time that two live

orchestras have been on hand to play at a Teen Hop and Ray Kordings and his music, usually featured at an event of this nature, will definitely not be there.

This will be a "dress-up" affair, with no jeans or leather jackets. Members of the Dorval Junior Chamber of Commerce, who are sponsoring the event, along with their wives will be on hand.

A special feature of the evening will be the 'Parade of Beauty' when a glimpse of the young ladies entered in the Miss Dorval Contest.

VOTE LIBERAL

WATER POLLUTION

In 1956 the National Union promised to eliminate water pollution within a year and has not done anything about it yet, except to appoint a committee at the cost of some \$200,000, which has never reported to the government.

I will see to it that one of the first items on the agenda of the first meeting of the liberal cabinet after June 22nd will be the taking of necessary steps to eliminate water pollution.

This will be better than a \$5,000 grant for a swimming pool given by Mr. Pager on the eve of an election.

METROPOLITAN BOULEVARD

One of the most important items of my program is to see to it that the Liberal Government after June 22nd next assumes the full cost of the Metropolitan Blvd.

The National Union government has never done anything about sharing the cost of the Metropolitan Blvd. and has no intention of doing so.

If attitude is demonstrated by the stand taken by its minister of roads when he said to the Trucker's Association at the Chateau Frontenac: "We do not want to share in the Trans-Canada Highway because the Federal Government standards are not the same as ours" . . . that is there is no 10% for our electoral fund.

The N.U. government uses our money only if it can divert a percentage thereof to its electoral fund and another to its friends.

EDUCATION

Free education at all levels including the University level.
Education must be made available to all classes of society.

This is certainly the most important item in the program of the liberal party.

Remember that the National Union Government was always against free education and that in 1946, Duplessis-Barrette & Co. rejected the liberal law which provided for free text-books in the primary schools.

BARRETTE = DUPLESSIS
PAGER = DUPLESSIS

NEXT JUNE 22nd VOTE

DR. C. A. KIRKLAND

ME 1-5356
IN FOCUS
 By K. M.

What appeared to be a gigantic fashion show at the Edgewater Hotel last Tuesday was in reality a gathering of some 500 ladies for tea, and serious analysis of the current political scene. The event presented an opportunity to hear Mrs. A. Barrette, wife of the Premier of the Province, and to meet Mr. and Mrs. Guy Pager, host and hostess of the afternoon. The busy committee behind the scenes revealed that it took some diplomacy to distribute the invitations over the Jacques-Cartier Riding. The committee attempted to invite a representative from every women's organization in the various areas as well as workers in the current political campaign. Fine point in the diplomacy — the allocation of tables to the area groups — was accomplished by drawing numbers. The Dorval group drew a favourable location near the head table.

Hostess for the Dorval Section was Mrs. W. Pike. Five Dorval ladies also attended the luncheon in Montreal at which Mrs. Barrette was guest speaker — Mrs. T.D. Dow, Mrs. J. Pratt, Mrs. Paul Kenwood, Mrs. Doug. McVie, Mrs. N. Clapham.

A Pair of Shoes. There is a story behind the letter from Mrs. A. Morad expressing thanks for the kindness of Girl Guides (Dorval Reporter, June 2). The Second Strathmore Co. had heard that a Lakeshore Welfare Homemaker was in hospital after an accident, and as

Mrs. Morad has no relatives, they undertook the project of sending her cards and letters while she was in the hospital. However the project took a serious turn when it was realized that a special, very expensive pair of shoes was required in the final stages of their friend's recovery. The Company took stock of finances and enlisted the aid of the First Strathmore Co. Still short of the amount necessary, they were aided by the First Strathmore Brownie Pack which had sponsored a successful Variety Show. With the three groups of girls pulling together the pair of shoes was bought — a very special pair of shoes!

Thirty-five year old Franco Belar, his wife Prezla, their two children Vinko, nine, and Antonia, six, will take up residence shortly in Lachine. They come from Yugoslavia, and enter this country under the sponsorship of the Lakeshore Unitarian Committee for Refugees, one of the first groups to receive pledges to the amount required for sponsorship of a family. Accommodation has been arranged, and no difficulty is anticipated in finding a job for Mr. Belar who is a stone mason and brick layer. Needed for this family: furniture, linens, lamps, curtains, dishes. If you have any of these articles to spare call OX 5-4898.

D.R.A. Highlights. The announcement that Walters Pool will be open next Saturday and Sunday, weather permitting, will cause quite a little flurry in homes where the application for memberships haven't been sent in yet . . . Hours of work have gone into getting the pool ship-shape for swimming: Mr. F.J. Pougnet, and five helpers, have been busy at a general clean-up and paint-up. They have stripped the tile border and replaced it with a special blue paint — the ledge and steps getting a striped effect designed for safety.

The D.R.A. is sponsoring Miss Pat Cornish, who is one of this year's Guard-Instructresses, as a candidate for Miss Dorval. Mr. John Patten is in charge of the float for Dorval Day which will represent the broad scope of the organization in hockey, golf, swimming symbols.

And a Loss to the D.R.A. — It is good-bye at the end of the month to Mr. and Mrs. A.S. Johnston, who are moving from Dorval. Mr. Johnston, a director of the D.R.A. since 1957, Campaign Chairman at a time when a swimming pool for Dorval seemed like an impossible dream, Director and Membership Chairman since the Fall of 1957, has given unstintingly of time and energy of this job. He was one of the energetic participants in the Blitz Campaign on Dec. 1957, and has maintained the same enthusiastic drive towards the accomplishments of D.R.A. projects since

that time. He was the first chairman of the City Recreation Board. Mrs. Johnston, active also in community work, was chairman last year of the UNICEF campaign in Dorval, and is a member of the Montreal Lakeshore University Women's Club.

BRINGS OUT THE BEST IN BEER...

GUARANTEED COOL CONTROL BREWED

This is to certify that Dow Ale is brewed by the exclusive Cool Control process. This process is continually tested, thereby ensuring uniform high quality.

Reviewed by
 Dr. R. H. Wallace
 Director, Quality Control

1
 MULTI-BLENDING

A master blending of 36 great brews brings out the best in beer—makes Dow the easiest-drinking, most dependably uniform ale ever brewed. Multi-Blending and Cool Control Brewing in a unique way result in Dow, a truly great ale.

2
 SMOOTH YEAST

A special, highly-prized yeast is another secret of the fine quality of Dow Ale. This exclusive Dow Smooth Ale Yeast has been carefully developed from some of the most valuable yeast strains in the world. Result: the characteristic smoothness and uniformity of Dow—the best in beer.

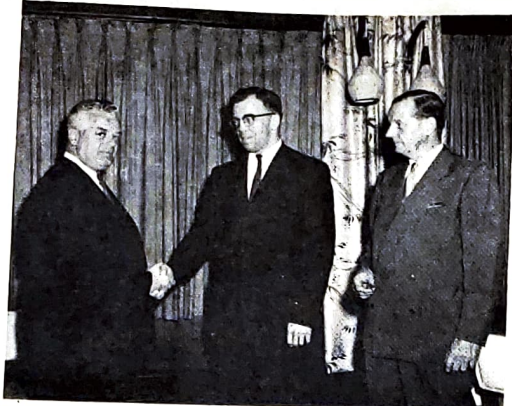

3
 BLENDED BARLEY MALTS

The best in beer demands the best ingredients. The special blend of top quality Canadian Barley Malts used in brewing Dow Ale calls for the very best barley Canada produces. Nothing less will meet Dow standards. Result: the fine, full-bodied quality you can always count on with Dow.

4
 BLENDED HOPS

Only a masterful blending of the best hops can bring out the best in beer. Dow selects prime hops, picked at the fleeting moment of perfection, and blends them carefully to give you that true beer taste you enjoy in Dow. Another reason we can guarantee—Dow brings out the best in beer!

ONLY DOW IS COOL CONTROL BREWED

DR. ROSS HILL, centre, who has been appointed Assistant Radiologist at Lachine General Hospital, is welcomed by **T.J.J. Kennedy, president**, left, and **Dr. E.F. Crutchlow, Radiologist-in-Chief**, right.
Dr. Hill was born in Montreal, Quebec. He is a Graduate of McGill University — 1946, B.Sc. and 1948 M.D. C.M. Following this Dr. Hill interned at the Montreal General Hospital 1948-1949 and then was in private practice in Halet, Que. 1951-1956.
Subsequent to that Dr. Hill enrolled in the Diploma Course in Radiology in the Montreal General Hospital and was certified by the Royal College of Physicians & Surgeons in December of 1959 in Therapeutic Radiology.

New Members

The Sacrament of Holy Communion was dispensed on Sunday, June 12th, to a large congregation at the Presbyterian Church of St. Columba-by-the-Lake. The service was conducted by the Minister, the Rev. W. Lorne Lemolne, who, on behalf of the congregation, welcomed the following new members to the Church: Mr. and Mrs. W.H. Coo, Mr. T. Granger, Mr. and Mrs. D.D. Gray, Mr. and Mrs. T.C. Gunion, Mr. C. Logan and Miss E. Logan, Mr. and Mrs. H.G.W. Paice and Misses Gwen and Eleanor Paice, Mr. and Mrs. C. Reddick and Mr. and Mrs. F. Tabolka.

It was announced at the service that the Annual Sunday School and congregational picnic will be held on Saturday, June 18th, at the Peace Memorial Presbyterian Camp, Lancaster, Ont. Cars will leave the Church at 10 A.M., for the Camp. It was also announced that a Vacation Church School will be held in the Church from June 27th, to July 8th, for children of ages four to twelve.

ed out en dishabille, with two small children indoors alone and a disapproving husband about to appear on the scene. The kind passerby, whom I should like to have seen in clergyman's garb, goes through various antics including lifting the scantily dressed lady in an effort to help her re-enter her home. Enter Friend Hubbie who calmly takes the key from over the lintel and opens the door! In the discussion which followed each group of plays it was pointed out that the lines did nothing to further the action. This whole play could really be a little exercise in the art of mime, and the better the mime the funnier the show. It was suggested that the Drama League have a session next season entirely devoted to mime.

The Drama League Workshop is a tremendously worthwhile idea. It needs forethought and organization to make very busy creative people feel that the time they spent in attendance was really time well spent.

MONTREAL — The Venture Club of Montreal recently presented two special wheelchairs to the children of the Montreal Children's Hospital. Members of the club are seen here at the presentation with representatives of the hospital and two small patients. From left to right, are: Miss R. Smith, R.N., Director of Nursing, Lise Ringuette, 6 years, Miss Audrey Telford, Ways and Means Chairman of the Venture Club and Incoming President, Mrs. P. Meyer, R.N., Head Nurse, Little Cinette Lajeunesse, 4 years, and Mrs. Virginia Anderson, Service Chairman.

YMCA Day Camp Schedule

A summer of fun and frolic is ahead for boys and girls in the Lachine-Dorval area who register for Day Camp Meadowbrook. The Day Camp Committee and staff of the Lachine-Dorval YMCA is busy making plans for the camp which will be held on the former 'Y' resident campsite at Ile Perot. This is a new location for Meadowbrook and offers both excellent land and water facilities. Qualified staff will direct the summer's activities. Mr. Bryhorchuk, Vice executive secretary of the Lachine-Dorval YMCA, is the camp supervisor, with Miss Judy Murphy, Women's and Girls' Work Secretary at the 'Y' directing the girls'

section and Mr. Bill Osterman, physical education director at Lachine High, in charge of the boys' section.

The camp opens on July 4th and open till August 12th with trips to camp being made by chartered bus on Monday, Wednesday and Friday. Tuesday will be special events day. The program of the camp will be as close to a resident camp as the day camp setting will allow. Camp rituals and flag raising and council rings will be observed with interest group activities in the areas of nature lore.

Further details may be obtained by calling the 'Y' at ME1rose 7-2511.

Drama League Workshop

by M. E. S.

"Is this for real?", Mr. R. kept asking me as we sat in the warm gloom of Verdun High School Auditorium last Saturday afternoon. "Of course it is," I replied firmly, "these are the theatre people of the Lakeshore."

Delightful informality has to be thoroughly organized underneath or it ends up being called by its plainer name, "Muddle." There were no programs, and for this reviewer who likes to cover hers with personal hieroglyphics, this was a major drawback. By dint of co-operation from her brighter neighbours, from hints dropped by the master of ceremonies, Mr. Eugene Jousse, whose guests we all were, and by the thoughtfulness of several of the participants who handed me a slip with names, and the name of their play on it, I did discover the basic plan.

Felix Leclaire has written many delightful little French-Canadian sketches and three of these, Mr. Jousse has translated and sent to participants in the workshop. Two groups elected to stage "The Honeymoon," two more did "The Kind Passerby" and three preferred the only serious piece, "One Man's Dream."

In an informal introduction to the afternoon's work, Mr. Jousse said that he was fed up with answering the question, "What's wrong with amateur theatre?" "Let's correct the faults from within," he said. Well sir, that's a very laudible sentiment. Perhaps we can begin by admitting frankly that it takes more hard work, more energy and more intellectual application than any of us want to spend on it. Especially as Mr. Jousse unconsciously pointed up his remarks by cautioning the actors that the lights were not arranged as for a production and if they stepped forward they would be in shadow!

Nevertheless, two very valuable ideas came out of this Saturday afternoon. Each of the presentations pointed up either negatively or positively the very important role of the director. He must first have interpreted the play himself. Maybe you won't agree with his interpretation; it may be one which would never have occurred to you but if it is valid, and if his actors are so directed that every move they make builds the interpretation firmly in the mind of the audience, you must accept it will-nilly. Fewer than half of the directors last Saturday had any interpretation for their production at all.

"The Honeymoon" as performed by the St. Andrews Players was dull and lifeless until Ernest Newell came on stage. He managed to convey the French-Canadian flavor which was the intention of the author in his portrayal of Cousin Phillip.

"Do we have to sit through this one twice?", whispered Mr. R. And then the curtains parted to reveal a large, substantial, rosy female right off the farm, clad in

a shocking-pink negligee, matching boys on hair and ample bosom and a north-country accent you could cut with a knife. We were off to a rollicking twenty-five minutes of fun. And why? Because Mrs. Margaret Elliott of the Hudson Players had the wit and the imagination to interpret the little piece, and she chose actors who were competent to carry out her interpretation. She crossed the ocean to do it, changing the locale from Montreal to London; but she was probably very close to the intention of the author when he imagined the dilemma of country folk honeymooning in a big city which has become too confining for the man, in an apartment which belongs to city slicker Cousin Phillip. Russell Burton as Edgar added some very nice touches in his performance as the north country English farmer. His whittling and the manner in which he whittled to suit his mood was very fine fun. The exercising he did with the chair was a pretty clever bit of business too. Helen Zajouski was superb as the unblushing bride.

The second idea sprang from "The Kind Passerby", which showed in ghastly sequence the predicament of the young housewife lock-

Local Resident Stars In McGill Hit

Local resident Linda Randal, of 109 Claude Ave., wasn't always the flaming redhead she is today. Linda, a 20-year-old third year arts student at McGill University, dyed her dark brown hair for her featured role in "Got It Made", McGill's hit musical comedy now playing its sixth week at Moyse Hall on the university campus.

She plays the part of Vicki, the pop-eyed 13-year-old leader of a teenage fan club. Her singing, dancing and acting won Linda rave reviews from Montreal and Toronto drama critics.

The Gazette's Harold Whitehead called her "a frantically funny performer". Lawrence Sabbath of the Toronto Star said she "could carry most of the show herself". Montreal Star critic Jacob Sisking wrote, "Miss Randal has more vitality than a swarm of wasps on an early July morning and it spills over the footlights spreading pleasure and good will".

Linda will make a television appearance on Sunday, June 26 at 11:30 p.m. on Channel 6. She will perform in excerpts from "Got It Made".

A graduate of Lachine High, Linda has had previous theatrical experience in Lachine High Variety Shows, the Pine Beach Revue 1954, the Royal St. Lawrence Yacht Club Revue, and, at McGill, in "Reign or Shine", "Revuer's Choice", Open House Revue, and the Winter Carnival Cabaret.

"Got It Made" tells the story of Vicki's idol, rock and roll singer Benedict Jones. Benedict, starting out as an obscure psychology student, is discovered by a crew of high-pressure advertising men and transformed into a teenage hero. At the peak of his success, he turns against the admen and throws the nation into confusion with his sensational renunciation of love and sex.

sult with experts on the matter of water pollution. The objective of the commission would be to determine the best method of stopping pollution of natural waters, and to provide an estimate of the costs involved.

(d) He is in favor of a new hospital in the riding, as well as an addition to the existing Lachine General Hospital and would press for governmental assistance in this area.

(e) The elimination of all level crossings through the erection of overpasses and underpasses is another strong plank in Mr. Beauchamp's platform.

STRAWBERRY DESSERT

The Strathmore United Church Women's Federation Group 8 is holding a Strawberry Dessert in the Church hall on Thursday June 23, from 6 p.m. to 8 p.m. This is an event the whole family will enjoy.

TAKE A NEW LOOK AT THE FACTS

BARRETTE TAKES POSITIVE ACTION ON WATER POLLUTION IN JACQUES-CARTIER

Here are the facts!

Under the Barrette government, financial assistance has been granted to towns in Jacques-Cartier County so that immediate action can be taken to clean up water pollution.

The National Union gets positive results!

Under existing legislation in the Province of Quebec, financial grants have been made to a total of 132 municipalities. Three of these towns are located in Jacques-Cartier County; two other Jacques-Cartier municipalities are working on definite plans for sewage treatment plants to fight water pollution. All other municipalities in Jacques-Cartier have received strong encouragement from the Provincial Government to begin their fight against water pollution.

WATER POLLUTION GRANTS TO DATE:

| | |
|--------------|--------------|
| Beaconsfield | \$676,135.00 |
| Roxboro | 209,400.00 |
| Pierrefonds | 559,168.00 |

A total of \$1,444,703.00 has been granted to these communities so that the fight against water pollution can be won!

VOTE PAGER NATIONAL UNION

THE SIOUX GRAY GROUP displayed their talents with marionettes as they presented the show "Beauty and the Beast" at the Lachine-Dorval YMCA on Wednesday, June 1st. The girls who made their own marionettes and scenery are, left to right: Judy Reid, Gail Ancrum, Sally Johnstone, Barbara Gaurlay, Sue Mathison, club advisor and director of the show; Heather Galloway, Lorna Rogers, Willa McCourt and Gail Hunt.

THE STAGE was designed and constructed by Mr. R.A. Kerr while technical advice and assistance in making the puppets was given by Mrs. J. Breckenridge, Mr. J.R. Breckenridge, and Mrs. E.F. Shales.

Kirkland Criticizes N.U. On Education

Speaking at one of the most enthusiastic rallies in this campaign, recently, Dr. Kirkland stated that the N.U. government record on education in particular is one of utter backwardness and of complete disregard for the most elementary principles of education.

"It is difficult to imagine that in this day and age a government would have the nerve to actually vote against education and then pretend to tell the people that it should be thanked for what it has done.

"Yet, he continued" The U.N. government in 1946 voted to repeal The Compulsory Education Act; the N.U. government-Duplessis Barrette & Co., - repealed a law which had been passed by the liberals under the Godbout administration and which provided that children were obliged to attend schools until they were at least 16 years of age."

"And as if this was not enough to cover any self respecting government with shame, the Duplessis Barrette regime went a step further

despite outcries from the liberal opposition which was being ejected from the floor of the House (there is no Hansard to permit the people of the Province to know) the N.U. government with Barrette as the most enthusiastic of the Duplessis clique, voted to repeal the Act which provided for free text books in primary schools."

"And, to-day, Mr. Pager comes before the people of Jacques-Cartier and promises that the N.U. government will give free libraries in the county. Mr. Pager should know better than anyone that a government which votes against compulsory education and against free text books in primary schools does not believe in free libraries for anyone and would never implement his promises."

Dr. Kirkland concluded by stating that he was convinced that the electors of Jacques-Cartier would again show the N.U. on June 22nd., that they have no use for a government who has kept the province of Quebec, 16 years behind the times.

2nd DORVAL BROWNIE PACK HOLDS FLY-UP

The United Church Hall on Dawson Avenue was the scene on Tuesday evening, June 7 of the Flying-Up ceremony of the Second Dorval Brownie Pack. In the absence of the Commissioner Mrs. Griffith, Mrs. Ortwein, the Brown Owl, presented wings to Brownies Heather Anderson, Barbara Anderson, Theresa Luty, and Allison Scott. These girls will be entitled to wear a pair of wings on their Guide uniform because they have earned their Golden Hand in Brownies. Lindsay Nicolle won a Golden Ladder. After the ceremony the Brownies entertained parents and friends with a skit, and the 2nd Company of Girl Guides served refreshments.

THE GATES swung open and thousands of workers are again able to use the quickest and safest route home.

When the city of St. Laurent closed the Cote Vertu exit from the T.C.A. overhaul base a short time ago, employees who live in Pointe Claire, Dorval, Pierrefonds, Roxboro, St. Laurent and other northern areas were cut off from the safest and fastest route to their homes.

Bill MacDonald, TCA personnel department, took the problem up with Guy Pager, Q.C., National Union candidate for Jacques Cartier.

Mr. Pager immediately interceded for the employees of T.C.A. and the City of St. Laurent with the Provincial government. The result? The Provincial Roads Department agreed to pay up to \$150,000 to build a proper road and to improve Cote Vertu and Montee de Liesse. Pictured above is Mr. F.T. Woods, Administrative Assistant to the President of T.C.A. and Mr. Guy Pager.

Mrs. A. Barrette Hosted At Lakeshore Tea

Over 500 guests from Jacques Cartier riding were present at a tea held Tuesday, June 14th, at the Edgewater Hotel on the Lakeshore in honor of Mrs. Antonio Barrette, wife of the Premier of Quebec.

At the head table were hosts Mr. & Mrs. Guy Pager, Mrs. Barrette, her daughters Miss Barrette and Mrs. G. Notebaert, Mrs. John Pratt, Mrs. Dorothy Dow, Mrs. Ruth Clapham, Mrs. Rita McVie, Mrs. J. L'Heureux, Mrs. P. Kenwood, and Mrs. G. Parrault.

Dorval guests included Mrs. J.R. Ballantyne, Mrs. George Goodale, Mrs. Gilles Dore, Mrs. Mitchell Bourke, Mrs. A. DelTorchio, and Mrs. Rene Leblanc.

The guests were welcomed in English by Mrs. Dow and in French by Mrs. Pratt. Mr. Pager, introducing Mrs. Barrette, said that it was with admiration that he pre-

sented the wife of a man called upon to lead the province to high peaks. Mr. Pager added that he was proud to be part of a party headed by such a man as Mr. Antonio Barrette.

The audience was with Mrs. Barrette from the beginning when she excused herself for referring to notes, explaining that she was speaking in public for the first time. Remarking on the warm welcome accorded her in Montreal and on the Lakeshore, she said that she was heartened by the strong support of many working for the same cause. She extended a personal invitation to those present to meet her husband in Dorval on Thursday evening.

Mrs. Barrette was thanked by Mrs. Guy Pager who remarked that the gathering would remember her as one of the "most charming ladies we have had the pleasure of welcoming to Dorval and the Lakeshore."

KIRKLAND

Cont'd from page 1

that positive action is taken to remedy the present conditions when Liberal party gets into power.

(d) Road Improvements: Development of the Lakeshore Road as a scenic route unequalled on the Island of Montreal — the cost of such improvement to be borne by the Provincial Government.

(e) Partition of Revenues: Dr. Kirkland is in favor of a greater sharing of tax revenues between the Government and the municipalities. In particular, he feels that if there are no commitments existing between municipalities and the provincial authorities, cost of the new Metropolitan Blvd. should be assumed by the Provincial Government.

(f) Education: The Liberal Party platform calls for the following in the educational field:

1. Free schooling at all levels of education, including the University level.
2. Free text books for all pupils attending primary and elementary schools under the jurisdiction of the Department of Public Instruction.
3. Compulsory education to age 16
4. Assumption by the Province of the debts of our School Commissions.
5. Establishment of a Provincial Universities Commission to advise the provincial government on matters of education and to provide liaison between the Universities and the Provincial Government.

Dr. Kirkland stresses the point that free education can only become a reality in the Province when an educational system has been instituted which recognizes the needs of the teaching profession as well as those of the students.

(g) Government Contracts: The Liberal Party will see to it that, in the future, contracts for public works will be given by way of public tenders, which would incidentally, permit Quebec to participate in the benefits of the Trans-Canada highway scheme.

(h) Redistribution of Seats: Redistribution of electoral ridings should be carried out in order to give fair representation to urban voters.

Dorval women greeted Mrs. Antonio Barrette at a tea in her honour at the Edgewater Hotel on Tuesday afternoon. Among the Dorval delegation are, from left, Mrs. L.A. Paquette, Mrs. Barrette, Mrs. Gilles Dore, Mrs. J.R. Ballantyne, Mrs. Walter Pike and Mrs. J. Descary.

PAGER

Cont'd from page 1

they are asking for in other fields.

(e) Hospital Construction: There is a need for more hospital beds in the County and Mr. Pager is confident that Provincial assistance can be had for needed hospital construction in this area.

(f) Library Grants: Mr. Pager feels that Jacques Cartier County needs more and better Library facilities

both for students and for the population as a whole. Grants are available and he will bend his efforts to obtain more aid in this field for the Libraries.

AN OPEN LETTER TO ELECTORS OF JACQUES CARTIER

Ladies and Gentlemen:

On the 22nd of June you will elect a representative in this Riding. For more than three months many mayors and organizers of N.U. have been meeting to recommend to the N.U. Montreal Central committee a candidate who will have the necessary attitude and courage to crush or at least to limit the power and expenses of the Metropolitan government. It was unfortunate that without any consultation the N.U. Montreal central committee nominated a candidate unknown to the organizers and to the majority of electors of this Riding.

Being one of the principal promoters of the Suburban Municipal Representative's Association that in 1955 crushed the Metropolitan government, and having the support of those representatives I am now seeking your votes in the present campaign.

A few months ago the President of the Met. Government declared that only 20% of the intended projects had been executed. And yet the cities have to impose a special tax to pay the bill of Metropolitan government which only includes administrative expenses and interest on temporary loans.

At the rate that the Metropolitan government is spending money (which should normally be spent by Provincial & Federal governments) the Municipalities of the suburbs of Montreal will be placed in the same financial situation as those of Toronto, and will be forced to impose a special tax on properties which will increase your tax bill by 100% and in some cases up to 200%. Furthermore, the TENANT will be called upon to pay an increase of rent from \$6.00 to \$12.00 monthly.

In January, 1955, the Association of Municipal Representatives held its last meeting, and in October, 1955, I withdrew from municipal politics. No one after January, 1955, undertook the leadership of the Association and yet its effects on public opinion were so beneficial that the City of Montreal did not dare to present to the Quebec Legislative Assembly their bill for Metropolitan Government before the fall of 1959.

If I am elected I will again re-organize the Association of all suburban cities' Council representatives, and I am convinced that we will again crush the Metropolitan Government.

As for pollution of water I advocate the formation of a commission with powers to associate with experts to determine the most adequate solution and its estimated cost. You know, as well as I do, that no Government will commit itself unless it knows to what extent.

Many people are of the belief that the above problems are insolvable. Not Ladies and Gentlemen With a strong determination and goodwill, the desired results can be achieved.

It was in 1952 as President of Lachine Chamber of Commerce that I promoted a campaign to prevent the C.N.R. from splitting the city of Lachine with their main Hump Yard feeder line. That, my closest friends believed, was a waste of time to fight a Crown Corporation. And yet with patience, hard work and cooperation of others, we succeeded after five years.

I am a strong supporter of Hon. Antonio Barrette as I believe he will do the most for our Province and especially for our Riding.

I wish to state that the N.U. Party is not responsible for the reprehensible advertisement of Mr. Guy Pager toward Dr. C.A. Kirkland.

Personally I was shocked by such bad taste in an election campaign. Dr. C.A. Kirkland and I always have had a mutual respect for each other, even though we have been battling for the last twenty years in Provincial elections in opposing Parties.

If you feel that I deserve your support and confidence, you may be assured that I will wholeheartedly defend and promote your interests in this riding.

Respectfully yours,

Remi Beauchamp, A.P.A.

QUEBEC'S NEW LOOK

THE MONTREAL DAILY STAR in a special 112-page supplement has taken a long, hard look at the position of the province of Quebec at this juncture in history . . . and the consensus is that Quebec is prosperous and progressive . . . to a degree that would have been unbelievable even a quarter of a century ago.

In a word-picture of modern Quebec staff members of the Star and other writers have spelled out the progress story to indicate the size of the heritage and the promise it holds.

Truly the growth of Quebec, in every way, is remarkable — and just as certainly the confidence afforded by the National Union government of Quebec has provided an important phase of the financial climate so essential to the investment that has opened the way to the present-day progress and prosperity, of which every citizen of this great province is so much a part.

"QUEBEC has come a long way — and is now in a better position than ever to make a valuable contribution to the Canadian economy as well as the advancement of North American civilization."

— Hon. Antonio Barrette, Premier of Quebec.

(Montreal Star, May 28, 1960)

THE PROGRESS STORY . . .

(a few quotations from the pages of THE STAR'S searching review of the amazing development of Quebec as milestone 1960 is passed)

- "Today Quebec accounts for over 30% of the value of Manufactured goods in all Canada" — H. W. Joly, Chairman of the Quebec Division of the Canadian Manufacturers Ass'n.
- "The inhabitants of Quebec are the richest people in the world, rich in the most precious commodity of this modern age — electricity" — Ian McNaughton, technical coordinator of the Canadian Electrical Ass'n.
- "Quebecers buy a higher proportion of premium gasoline than motorists in other provinces" — James Stewart, Star staff member and former oil industry writer.
- "Daily, Quebec mills produce some 14,000 tons of pulp and paper, enough to fill a 500-car freight train" — Michael Sinclair, career writer on pulp and paper.
- "In 1945 Quebec boasted 65 motor vehicles per 1,000 population, today this figure has trebled to 195" — J. W. McGiffin, vice-president, Kingsway Transports.
- "Quebec has the greatest percentage of paved roads in Canada — 24%, as against a figure of 19% for Ontario" — Charles Lazarus, Star staff member and roads specialist.
- "Quebec's new premier has something the National Union has lacked for many years; a solid appeal to the labor vote" — John Maffre, associate editor of The Star.
- "Today more than one-third of the aggregate revenues of all institutions (of learning) in the province are derived from government grants". Dr. F. Cyril James, principal and vice-chancellor of McGill University.
- "The real explosion in hospital construction all over the province has taken place since the last war. This expansion represents nearly \$200,000,000 in provincial grants alone." Fred Poland, Star medical writer.
- "The Province of Quebec has been making very striking progress in economic development in recent years, particularly since the end of the Second World War" — J. H. Goldsmith, Star financial editor.
- "Shortly before prorogation of the last session of the provincial legislature, Premier Barrette's government introduced legislation authorizing Quebec's universities to transfer the \$25,000,000 held in trust for them by the Canadian Universities Conference" — Fernand Renault, head of the Star's Quebec City bureau and chief correspondent in the Legislature.

Destruction of Fish and Game Resources

by W.G. (Bill) McHugh

The pollution of the waters surrounding the Island of Montreal and of the Chateauguay and Ottawa Rivers has been well reported by newspapers and the resultant public awareness of this pollution and its health hazards has caused the responsible authorities to take action. What people are not yet aware of is that while our Provincial Government is planning the promised pollution clean-up, there are new sources of pollution cropping up with appalling regularity. The following is an example of this flagrant spoiling of our fish and game resources.

It was reported to me that an amount of waste oil can be seen floating down the Bouchard River, the waters of which empty into our Lake St. Louis at Dorval. This oil was traced to its source which was discovered to be the new C.N.R. hump yard diesel shop (north of Lachine.)

Following this stream which runs through the City of Dorval, Summerlea Golf Course, railway property and then a recently dug branch-off that runs directly into the C.N.R. diesel shop, I was able to witness the destruction that this oil dumping causes. Spring-time high water spreads this thick brown waste oil far and wide with the resultant killing of greenery along its banks. The soil is so saturated with this gucky stuff that this stream is ruined. Our feathered friends can no longer drink from stream or have the necessary cover for their protection that this stream provided. The many birds which usually concentrate about a stream of this kind were notably absent. By observing the prints of fox, one could see their frustrated attempt to avail themselves of clean drinking water. This stream also provided ideal conditions for the procreation of fish, but they will no longer run this stream, thus one more spawning area ruined, not by progress but by money-mad apathy.

One virtually fumes at such goings-on, for in this age of industrial progress there is little enough left of relatively unspoiled local nature without the wholesale destruction of that which remains. Quite a few people have, in the past, sat along the banks of this stream to enjoy the closeness and solitude of nature. Now they witness the very thing that drives people away from cities.

The damage to this stream is irreparable, but this deliberate oil dumping by the C.N.R. must stop, for its destructive flow reaches into Lake St. Louis. A report of this has been sent to the Department of Fish & Game as they will handle the legal side of this matter.

All this indicates that not only is this generalized pollution problem in need of an immediate solution, but also that the existing

pollution, but also that the existing anti-pollution laws should be more rigidly enforced so that these abusers of our laws will be made to see the error of their ways. Those responsible for the enforcement of these laws should get out and do their jobs and, by consistent and swift action, make would-be polluters think twice before they destroy public property just to save themselves a few dollars.

Whereas I am quite sure that it is not the general policy of the C.N.R. to dump their unwanted waste oil into streams, this is one case of bungling incompetence that should be used as an example of what happens when persons who are not conservation-minded are given positions of responsibility in industry. The result of a national ignorance that only public education on conservation can cure.

For sure, much of the so-called necessary destruction of our fish and game resources that goes hand in hand with industrial progress could, with a little foresight and sacrifice, be avoided. When all is cement and steel, and one through economic necessity has to live in an environment devoid of nature's splendour, our lot will be a sorry one indeed.

THE ADAMS TROPHY, which will be highlighted in the powerboat competition during the Lakeshore Kiwanis Club's two-day regatta slated for June 18 and 19 at Lachine is turned over to Fred Hovey (left) president of the Lakeshore Kiwanis, by Henri Taschereau, Quebec Sales Manager for Thomas Adams Distillers Limited.
More than 50,000 spectators are expected to attend the festive weekend which, in addition to the powerboat races, will feature the Marc Cloutier Water-Ski Show, a colourful fireworks display, a street dance and the crowning of the Regatta Queen.

DR. KIRKLAND outlining the platform of the liberal party on women's rights to two lady electors after a meeting in Ville LaSalle.

AN OPEN LETTER TO ALL THE RESIDENTS OF JACQUES CARTIER COUNTY

Dear Neighbor:

It is with utmost sincerity that I extend my thanks to all the many residents in the Riding who have helped make my arduous campaign work an enjoyable task.

To club members and committees, to those of you I met at rallies, bus stops, train stations and coffee parties; to those of you I met personally in your own communities, I say a heartfelt "thank-you".

In closing may I add that if I am elected in Jacques Cartier County I will personally strive to carry out all the planks of my platform and that you will be assured that the needs of your community will be made apparent in Quebec.

Thank you for your interest.

Yours very truly,

Guy Payer,
National Union

Pool Trains To Stop At Dorval

MONTREAL, June 9 -- Dorval Station will be made a regular stop for the fast afternoon pool trains operating between Toronto and Montreal, it was announced today by Canadian National Railways.

However, the trains, number 15 from Montreal to Toronto and No. 16 from Toronto to Montreal, will be able to make the stops at Dorval only when the present track construction in the Dorval-Lachine area is completed, probably late this fall.

Meanwhile, beginning Sunday, June 12 and until completion of the track rearrangement, the trains will stop regularly at Pointe Claire Station to serve the area on a temporary basis.

Train No. 15 to Toronto will reach Pointe Claire at 4:58 p.m. EDS T and No. 16 from Toronto will stop at Pointe Claire at 11:00 p.m. EDS T during this period.

BALLET SCHOLARSHIP

The Pointe Claire Academy of Ballet is offering a scholarship to a serious student, age 10 to 12, with at least three years' previous training or who has graduated from any Lakeshore Home and School Project and who wishes to continue with more advanced work. This scholarship is to consist of a year's tuition. Auditions will be held by Joyce Lewis Cloutier, Director of Ballet, on Friday evening, June 17 between 7 and 8:30 P.M. at the Pointe Claire Academy of Ballet, 180 Lakeview Avenue, Pointe Claire. For further information call Oxford 5-4580.

SUMMER THEATRE SEASON BEGINS ON MOUNT ROYAL

With her accustomed flair for producing light summer fare, Norma Springfield could hardly have done better than "The Philadelphia Story" with which she opened the Mountain Playhouse this week. This light comedy about the high jinks of Philadelphia Main Liners at home was made famous in the thirties by Katherine Hepburn, who had the real-life background for the role of Tracy Lord. Under the direction of Walter Massey, the playhouse cast made up in liveliness for what all of them, almost completely lacked in Mainline background, or even Upper West-mount sang froid.

The settings by Arthur Voronka were excellent and made good use of the tiny stage. Particularly charming was the terrace, with its carriage lamps and weathered, mellowed brick walls. The costuming by Athlea Douglas was suitable, save for Miss Acker's evening gown in Act II, and her wedding gown in the final act, of which one had a right to expect more for a high society gal's wedding.

Well-paced for comedy throughout, the beginning of the play and the swim-scandal scene in Act II were highlights. Sharon Acker, who played Tracy Lord, is a talented and charming young person, whose only drawback was the Director's lack of knowledge of her background as Tracy. Suzanne Grossman as Dinah Lord, her terror of a young sister played with energy and charm. Let us hope that someone will soon have the wits to stop type-casting Miss Grossman as a very young lady and let her shine as befits one more than ready to come of age in the theatrical world of Montreal!

Kay Tremblay's sense of comedy and her "at-ense" manner on stage carried her through as the competent mother of a very difficult bride, but one could scarcely picture her with the years of artistic well-being behind her which the role demanded. Here again Mr. Massey flubbed in his ignorance of the world his characters should inhabit.

As Liz Imbric, the hard-bitten newspaper woman, Feryl Baxter turned in a good performance as did Ned Conlon, her would-be mate, Mike Connor. As C.K. Dexter Haven, Walter Massey was competent in his reactions as a man, but not as a gentleman of the Philadelphia Main Line. Other characters who filled out the story were played without distinction; they were vertical and we had to presume, warm. With Three Dollars in your pocket and a little extra for a drink, you could do worse on a warm summer evening than ascend Mount Royal to the Mountain Playhouse.

GOOD LUCK TO ISOBEL MAKIN

Rare indeed it is to find people of exceptional talent who will give time to their children. Such a person is Isobel Makin of Lilac Crescent, who for the past two years has served as leader of the Children's Choir of Dorval United Church. Under her leadership the Choir won shields two years in succession in the Choir Festival. Now Mrs. Makin is called to use her talents in a wider field, and while the children, their parents and all those who have heard the choir perform, regret her going they cannot but understand her need to use her exceptional talents more fully as organist and choir leader of an adult choir in Beaconsfield. It is to be hoped that the work she has begun will be carried on by others. These children are the adult choir members of only a few years hence.

Guy Pager Winds Up Campaign

Two major rallies, along with numerous coffee parties and other personal appearances are on the schedule for National Union Candidate Guy Pager, in the final week of the Provincial Election Campaign. Mr. Pager will be host candidate, representing Jacques Cartier Riding, on Thursday night at Dorval Gardens School when Premier Barrette speaks. John Pratt, M.P. and other civic dignitaries from the riding will be on the platform for this appearance of the Provincial leader.

On June 21st., Tuesday night, there is a wind-up rally at Walters Park in Dorval for Guy Pager. John Pratt, M.P. and Mayor of Dorval will be the Guest Speaker.

Then it's election day and the many workers who have supported Mr. Pager will be able to count the fruits of their work as they see the vote totals recorded at the Returning Office.

Lachine General Women's Auxiliary

On Monday June 13th. an attractive birthday cake was cut to celebrate one year's operation of the "Coffee Cup", the most recent venture of the women's auxiliary of the Lachine General Hospital. The success of this charming coffee and gift shop in the hospital has been gratifying to all the volunteer workers of the auxiliary. Mrs. John Stanley, convenor of the shop, stated at a recent executive meeting that all the hard work of organizing and operating the coffee cup is paying off the enthusiasm by which patients, visitors and staff of the hospital are enjoying the service. It takes six women a day to operate the shop in three shifts of two, a staff of window dressers prices and buyers for the gift shop, to say nothing of all the volunteers who bake a large portion of the goods sold, and knit the baby clothes displayed. The women's auxiliary thank all the visitors to the coffee cup for encouraging the success with such lively patronage and trust that this first year of operation is just a beginning of the popularity of the Lachine General Hospital "COFFEE CUP".

The emotions of being a father...

The world is a scene of many changes. Every day fresh knowledge extends our horizons. New inventions create fresh wonders. New discoveries shape new opinions.

But some things are little affected by external changes. The emotions of being a father, for example, stay constant through the ages.

The hopes and fears... the wishes and apprehensions. The humbling realization that no other task in all the world carries with it so grave a responsibility, so rewarding a victory as that of being a father.

For where else does a boy look...

...for light which will lead to sure places for young feet to stand?

...for guidance through the great continent of the mind?

...for strength of will and love of goodness?

... for those words and teachings that will open wisdom's way?

... for a held-out hand, a haven in every sudden storm?

Where else but to a father, who knows that every son is a miracle, like daily light.

The emotions of being a father never change. They flow from well-springs deep within us, as old and changeless as instinct itself. More than anything else Fatherhood is guidance and wisdom — the wisdom of setting a good example in thought, in word, in deed. And one principle that surely deserves to be exemplified is the practice of Moderation in all things, including the use of whisky. It is this thought which The House of Seagram wishes to leave with you on this Father's Day, 1960. May it enrich your life with happiness, and your son's thereafter.

THE HOUSE OF SEAGRAM

Joseph E. Seagram & Sons Ltd., Montreal, Quebec.

IN FOCUS

Continued from page 6
of the Province of Quebec Service of Education Familiale, who had recently been decorated by the Province for her work in this field. Refreshments will be served, and there is no admission charge.

Missed in the news last week — the fact that Diane Barrie who represented Lachine High School as candidate for Hi-Teen Queen Title C.J.A.D., is a Dorval girl Raised Status for Dorval Station which will soon be a regular stop for fast afternoon pool trains operating between Toronto and Montreal, Canadian National Railways has announced "We protest," to the Premier of the Province — and anyone has an opportunity of doing so by sending \$1.00 to the Dorval Chamber of Commerce, and a signature to be affixed to a telegram to the Premier, protesting the Pollution of the waters of Lake St. Louis. A letter has gone out to Dorval citizens from the Chamber of Commerce inviting them to participate in this active move against water pollution.

Windsor Gardens Community Assoc.

The Junior Girls Softball Team has been playing championship caliber ball, having won their Monday, June 6th game against Dorval East by a score of 28 - 8. Hats off to the competent battery of Brenda Hamer and Lollie Smith, who have allowed only 13 runs against their team. Considering the total of 96 runs scored by all the teams, this is an excellent average.

Our Senior lost another heart-breaker to Strathmore on Wednesday, June 8. Due to the 8:15 P.M. curfew, the game was called at the end of the sixth inning, much to the disappointment of the rallying Windsor Gardens team. The outstanding feature of this game was the red and white uniforms which our girls are now sporting. They really look terrific!

Incidentally, we would like to thank Linda Lingerie and Blackwood Hodge who are now sponsoring the Senior and Junior Girls teams respectively.

Now the boys — the Tigers, ably coached by Shirl Griffin, continued their winning streak on June 9th, by coming up with an exciting 15 - 14 win over the hitherto undefeated Pirates. Robert Berman crossed the plate with the winning run in the last half of the last inning.

Our appreciation is extended to Jim Crozier who is helping with the coaching of the Pony League Team, and to Major Roger Bartien, who has seen to it that we have a new baseball diamond at the park. There will be a game at the Windsor Gardens Park every evening, Monday through Thursday, at 6:30 P.M. from now until the end of June, weather permitting!

IT'S TIME FOR A CHANGE!

HOSPITALIZATION...

BEFORE

— "Can you pay?"

AFTER

— "How is my patient today?"

QUEBEC PAYS \$40 MILLION FOR CARE IN OTHER PROVINCES

- * The Government says it can't *afford* Hospitalization Insurance . . . yet, *supplies* it to other provinces!
- * Quebec tax-payers contribute \$40 million each year to the Hospitalization Plans of *other* provinces!
- * The only hospitalization ever provided by the present Government has been its iniquitous system of "pink forms" at election time. This cost us close to \$19. million in 1956!
- * The Government today sets up a new Hospital Insurance Commission. Why, then, was it abolished in 1945?

THE LIBERAL SOLUTION:

1. Face up to hospitalization insurance as being of vital concern to the *family* and a definite *provincial* responsibility.
2. Recover our lost \$40 million.
3. *Immediate* establishment of a general Provincial Hospital Insurance Plan.
4. Abolish *electoral exploitation* of human suffering.
