DESCRIPTION: Here is a nice old Root Range Master. Very comfortable grip. The limbs had a lot of blemishes and scratches, crazing and some minor stress lines. The varnish on the limbs was stripped, the stress lines cleaned and filled, and the limbs restained white, except for the Logo area, which retains its "yellowed" weathered condition (see pic). The riser also has a few finish blemishes. This is a structurally sound bow that is a great shooter. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. A few minor scratches, scrapes and nicks here and there. Overall, this is a serviceable bow in fairly nice condition for its age.
