Local Artist

The club had the opportunity to see samples of local artist Gemma Gylling when she visited the club.

Gemma is a colored pencil artist and her work is spectacular. She said the work is very time consuming, however, she loves the detail work. And, she thinks her previous occupation as a circuit board designer is the reason she doesn't mind the very time consuming work of adding layers of pencil to each piece of art. When asked about one piece of art that she brought to the club, she said it took 355 hours to complete.

Gemma teaches a workshop for those who would like to learn pencil art. She also has a published book called Complete Guide to Wild & Domestic Cats In colored Pencils.

Thanks you Gemma for speaking to the club and bringing your beautiful artwork.
