SIGNA

is the

Species Iris Group of North America

SIGNA is a non-profit organization dedicated to the educational study, promotion, introduction and distribution of the genus *Iris* and related Irids. It is a section of the American Iris Society.

SIGNA is also the publication of the society and is published twice a year in the Summer and Winter. Each issue consists of 20 to 30 pages of news about the native irises of the world. All back issues (over 3000 pages), with their iris commentary, some of it available nowhere else, can be had at a nominal charge.

SIGNA also sponsors an iris and related Irids Seed Exchange. Seeds are collected and donated to the exchange from around the world by **SIGNA** members and other interested people. A seed listing is published in the Winter Newsletter and on the **SIGNA** Website.

SIGNA maintains a Website with over 1700 photos of Iris and related Irids.

SIGNA has a Facebook page and a Yahoo! Discussion group. Both are accessible to the public as well as members.

We hope you will join **SIGNA** and take advantage of the many benefits it has to offer. For more information see the **SIGNA** website at:

www.signa.org

Or E-Mail questions to:

W. Plotner, gardens@molalla.net

R. Barton, rbartontx@yahoo.com or at:

3 Wolters Street,

Hickory Creek, TX 75065-3214

Please enroll me as a member of the Species Iris Society of North America

U.S. memberships are \$12.00 for one year or \$32.00 for three years. Foreign memberships are \$15.00 for one year or \$40.00 for three years.
