

FAMBEO

FLORIDA ASSOCIATION OF MINORITY BUSINESS ENTERPRISE OFFICIALS

OUR HISTORY

In late October 1986, the Florida Association of Minority Business Enterprise Officials, Inc. (FAMBEO) was founded by a group of Minority, Women and Disadvantaged Business Enterprise professionals whose goal was to share information with administrations in the process of creating and promoting equal opportunities in procurement and contracting with Federal, State and Local governments.

OUR MISSION

- To provide professional development, information and networking opportunities to Supplier Diversity professionals and historically underutilized businesses
- To foster an environment of economic inclusion
- To contribute to legislation and public policies that encourage the utilization of Historically Underutilized Businesses within government and corporate contracting

OUR GOALS

- Train professionals in the effective administration of Minority Business Enterprise (MBE) Programs
- Educate the masses on the importance of supporting Small Business growth and Development, Diversity inclusion and General Service Administration (GSA) mandates
- Display unity in expressing and seeking MBE program support
- Illustrate that MBE programs are moving from “total dollars spent” to the “economic impact” that these programs bring to this community by way of better wages and jobs
- Serve as a voice for Minority and Women Owned Business enterprise programs
- Support and validate the Women’s Owned Business enterprise (WBE) programs
- Monitor and address local, state and federal legislation and drafting individual letters of support to the Governor, Cabinet and other legislative decision makers
- Actively encourage local governments to update their MBE programs to meet the most recent court requirements
- Open membership to all who promote the goals and objectives of MBE programs
- Establish effective channels of communication among Minority/Women/Disadvantaged Business Enterprise Officials
