In FY16, fifteen school districts made-up Region II. Hampton is a member of this region. According to VDOE, Hampton had 80 teachers (building administrator, a supervisor in a central office position, or a teacher who is teaching less than 50 percent of the regular school day shall be excluded from the incentive awards) eligible for the incentive award. This is fifty less than the top district with 130.

The City of Hampton has remedied the inaccurate information being reported...by avoiding it altogether.
