Thanks to Charles Hyter for pointing out the new memorials & how nice the new park/parking lot area at site of old gas explosions were looking and that it would be nice to show it off here. Good Idea! Thanks Charlie! On this corner was Woody's Home Furniture' which was owned by Alice & JD Hayes...it has moved to the old Anthony's store at Sherman & Main. It is now 'Hayes Family Furniture'. Next door to Woody's was the 'Decor Party Supply' It has moved to the unit block of so. Main.

This corner was Donated to city by owners & this is result of a lot of planning!

Many of Hutch Corners have been planted with lots of pretty flowers & nice areas to sit & ponder.

Buildings that once stood here were constructed in 1908 as the Coliseum Hotel and Saltwater Natatorium. The Coliseum Hotel was designed on a European plan offering 75 guest rooms, commodious dining room, library and a fine gymnasium and the only salt water swimming pool east of Salt Lake City. The hotel obtained salt water from a well 740 ft. deep on the property. A single story addition covered the well casing which remained hidden from changing owners, but provided a tube from the subsoil to the surface inside the building.

Gas escaping under pressure from storage facilities 4 miles away traveled underground and emerged through the open well inside the building. The gas ignited, producing a large explosion and initiating the Hutchinson Gas Crisis on January 17, 2001. City employees, public safety officials, and non-profit organizations worked tirelessly to determine the nature and source of the gas, and to ensure the safety of Hutchinson residents. The land for this parking lot was donated to the city by owners of the destroyed businesses - Decor Party Supplies and Hayes Sight & Sound.

There are 2 Other brass photo plaques hang on the other 2 sides. They did not show up well here. Sorry, come see them first hand!
