

Public Meeting

Port of Coupeville Comprehensive Scheme and Strategic Plan

Wednesday, September 27th, 5:30 – 7:00 p.m.

**Masonic Lodge
804 Main Street North
Coupeville, WA 98239**

The Port of Coupeville is in the process of updating its comprehensive scheme of improvements and is also developing a new strategic plan. The Port's two facilities, the Coupeville Wharf and the Greenbank Farm, are critical assets for the local community and serve as both economic hubs and recreational assets. This plan is being developed to ensure the ongoing success of these two facilities while also identifying new opportunities for the Port to support and facilitate economic growth in the region.

This meeting is the second of two public meetings conducted by the Port and is an opportunity for Whidbey Island residents to learn more about the project and provide their input on the draft plan. ***Please attend if you're interested in learning more about the Port of Coupeville's vision, goals and strategy for the future!***

Public Meeting Schedule
5:30 - 7:00 p.m. — Presentation and Open House

For more information about the Port visit **www.portofcoupeville.org**. Thank you for your participation.
