

Scandinavian Snowflake Class Supply List

This 20" round piece can be used as a wall hanging, table topper or miniature Christmas Tree Skirt.

Basic Sewing supplies:

- Sewing machine with a new needle
- Rotary cutter and mat
- Iron and ironing mat
- Thread scissors
- Ruler 12-18"
- Thread 50-80wt in a neutral color (I prefer 60wt or a combo of 60 and 80wt)

Paper Piecing tools (I will have some to share if you don't have them)

- Add a Quarter ruler any length will work
- Folding template (Postcard or template plastic either work)
- Washable glue stick (I prefer UHU but any glue stick will work)

Fabric Requirements

- 2 - 11" x WOF strips of fabric for the background
- 2 - 5" x WOF strips to make the snowflake
- 1 - 9" x 11" piece for the applique embellishments (optional)

If you are purchasing a kit from me the fabric will already be cut in strips so you will be ready to go. If you are providing your own fabric please have the strips already cut when you come to class. I will have the papers cut and ready for you so that we can get started quickly so that you can get the project top finished except for the optional applique before class is over.
