

# INSURGENT ALERT

**- WANTED -**

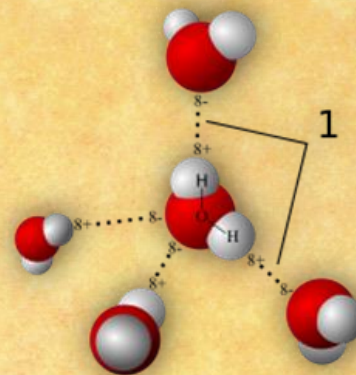

## Dihydrogen Monoxide

Aka Oxidane                      Aka Water

**Description** - Colourless, odourless & tasteless

### Known disguises;

- 1) **Ice**                      Expands 8% when freezing  
                                 Splits concrete & rock
- 2) **Liquid**                Universal solvent & oxidizer  
                                 High surface tension & capillary action  
                                 High cohesion & adhesion properties  
                                 Absorbs heat quickly  
                                 Stores heat efficiently as it loses heat slowly  
                                 Relatively heavy @ 1,000 kgs per M<sup>3</sup>  
                                 Excellent sound transmission @ 4.3 x faster than air  
                                 High melting (0<sup>0</sup>c) & boiling temp (100<sup>0</sup>c)
- 3) **Vapor**                *Invisible, colourless, odourless and tasteless.*  
                                 Warning - Can change into #1 or #2 instantly.

**WHEN IDENTIFIED DO NOT ATTEMPT TO APPREHEND**

Call **021 565 696** IMMEDIATELY

Advise insurgent location

Specify '**Ben**tech Bentonite' GCL Tanking

Only **BENTECH** Professionals  
are authorised to eliminate the threat
