# TEE TALK

"Home of the Dome"

September 2017

## Trails & rails

Cart paths now provide access to all tee boxes, fairways and greens. The majority have been graveled. The 2017 budget for this work has been exhausted. It will require an additional \$1,000 (at cost) to cover the remaining gravel purchase.

The metal bridge leading to tee boxes on 8/17 has been replaced with a cart path covering culverts and expanded drainage. The bridge was re-deployed as a second bridge over the creek on hole 2/11.

Thanks to Steve Sanders and Kerry Gorby, monogrammed rails now offer safer passage across the spillway west of hole 9/18.

Let Jarrod Miller know if you would like to donate funds to finish graveled the cart paths.
