

WELCOME ABOARD

November 14, 2018 – Hesperia, CA: Although late in the year, and just a few short weeks until our final round of the TT Scrambles Championship Series at Glen Helen Raceway on December 9th, the Old School Scrambles Racing Group is very excited and proud to introduce a new sponsor to the mix. zMAX /Oil Chem Research Corp is now onboard for the remainder of 2018 and into the future of OSSRG moving forward.

To start, and to reward those who want the “Holeshoot” on the competition, zMAX is offering a free tube of their “zMAX Wet Clutch Additive” (\$15 retail value) to all riders who pre-register for the next event. Additionally, overall class champions will receive a 50% off gift certificate for future web-orders of zMAX products during the yearend award ceremony coming up January 12, 2019 in the Glen Helen Museum after TT Scrambles round one.

If you want to extend the life of your vehicle, firearms or other equipment, zMAX is the ONE PRODUCT you need. For years, their customers have shared with generations the importance of using zMAX in their engine, fuel system and transmission to get optimal performance and extended engine life.

Now, you’ll have a chance to try the zMAX, while supporting the OSSRG and saving on entry fees as well.

WELCOME ABOARD zMAX/Oil Chem Research Corp!
We greatly appreciate your support.
