

## MPSC Declares there is NO Mandate for Smart Meters!

Ypsilanti Forum  
Tuesday November 8, 2011  
6:00 PM  
Parkridge Community Center  
591 Armstrong  
Ypsilanti, MI 48197

After MPSC Commissioner Mr. Isiogu gave his presentation on the limited availability of government assistance for the poor and my reference to his being giving Public legal Notice of Liability at the Hamtramck meeting and my directly reading his obligation to the "Precautionary Principle" all of the parties interested in the "Smart Meter issue" were asked to join a special Meeting for direct discussion of the Smart Meters.

The ONE Question I, John Holeton, demanded to be answered there was

**"Are the Smart Meters mandatory here in Michigan?"**

The reply from Pat Hudson of the MPSC was **"NO" "They are not mandatory."**

The following were in attendance and asked to sign in acknowledging their presence:

45. 11-8-11
