

Oblita

*Brighten up
your life!*

About Us:

The company was founded in 1970. Over the years, this family business was established in a limited liability company called Food Monte Cristo. In 1978, the first machines for manufacturing wafers was incorporated, and thus was born the Oblita division. In recent years developed a variety of sweets, which have a common denominator, the wafer. These delicacies and exquisite became the soul of the production company. With this product, wafers, snacks, and chocolates are manufactured using the latest technology and high standards of safety and hygiene, also developing products under Kosher certification. The company also has a team of fully automated lines allowing rigorous monitoring in optimizing products, ensuring an unbeatable value for their money. This makes it easier to compete on equal terms with the most important brands on the international market, exporting to over 20 countries throughout America, Africa and Asia. This makes Oblita one of the best options in this product line, and one of the few global manufacturers of chocolates.
