

INTERNATIONAL ASSOCIATION LEGIONS OF HONOR

STEVE WALKER, COMMANDER

12260 Horado Road*San Diego, CA 92128* (760)917-9282* swalker014@gmail.com

Greetings Fellow Legion Nobles and Ladies,

Within the scope of our everyday lives each and every one of us is given an opportunity, and what we end up doing with these opportunities going forward may describe our destiny.

The current shutdown of most functions from COVID has affected IALOH with the cancellation of our past two annual April Conventions and this past November's annual Pilgrimage to Arlington, VA. As I take command of the best Association in Shrinedom, I would like to convey my humble appreciation for placing your trust in me. Lady Leighanne and I look forward to resuming our travels to your units and associations.

We would like to invite you to "Experience the Legion's Legacy" by attending the 91st Annual Convention to be held in Reno, Nevada at the Silver Legacy. We have not had a convention in the West since 2003. We look forward to a week of fun, fellowship and friends. There are many activities and experiences in this unique hotel that consists of three hotels, Circus Circus, Silver Legacy and the El Dorado. Once inside, there really is no need to go outside as there are 20+ restaurants and multiple entertainment venues inside to explore and enjoy. Why not make this more than a convention? Make it a vacation! We have secured special room rates before and after the actual convention. Take a day to Lake Tahoe or Virginia City. Bring your children or grandchildren. This is a family friendly venue. Let me know if you are making a family vacation out of this adventure, and I will help you register your children or grandchildren.

We will begin a year of travel in 2021, along with continued fellowship with my Masonic brothers who are Military Veterans along with many others.

We are looking forward to seeing you in Reno and trust you'll have a great time. If you have any questions, please call or email me (contact information above)

YITF,
Noble Steve Walker
