28% of Americans know the real meaning of Memorial Day and most view it as a "day off" instead of a day to remember those who died for our country. PSI Industrial Solutions pays homage to America's soldiers who gave their life in service to our country.

Mobile Sweeping - The Indoor and Outdoor Cleaning Solution

PSI's Tennant industrial sweeper captures dust and dirt in a single pass, reducing the risk of fugitive dust and contaminated waterways.

Controlling dust and debris within harsh environments can be a daily challenge for maintenance and environmental specialists. Our experienced operators have the knowledge and ability to exceed a facilities expectations, even in the most demanding conditions.

Bureau of Labor Statistics Jobs Report

The U.S. economy added 223,000 jobs in April, according to the new report from the Bureau of Labor Statistics. That figure isn't far off from the forecast that called for somewhere between 225,000 and 228,000 new jobs. What are some of the other important numbers from the new report?

181,000: The drop in the number of unemployed people across all manufacturing industries during the last 12 months, thanks to another 1,000 manufacturing jobs added

Mobile sweeping of paved or concrete surfaces is the only way to ensure that dust and dirt will not invade your building and equipment, and that the finer particles that are so damaging to the environment do not become fugitive dust or contaminate adjacent waterways. Our single pass wet or dry coverage sweeps a cleaning path of five feet within warehouses, production areas, parking lots, and outdoor driving transport lanes.

What are the benefits of mobile sweeping?

- Clean sites for potential sale/tour
- Reduces the risk of failing inspections or hefty fines
- Provides a safer working environment

We encourage you to contact us at (740) 622-9795 to discuss your needs, or complete our online [Project Quote Form](#).

Memorial Day - In Memory of our Honored

Originally referred to as Decoration Day, from the early tradition of decorating graves with flowers, wreaths and flags, Memorial Day is a day of remembrance of men and women who have died while serving in the U.S. military.

Today, many Americans observe Memorial Day by visiting cemeteries or memorials, holding family gatherings or participating in parades. Unofficially, it marks the beginning of summer. Memorial Day for all soldiers is embodied in the words of the Oath of the Soldier that you first take when you enlist into the service of the country. It exemplifies the reason why soldiers do what they do each and every day. Soldiers are defenders of the same principals that made this country great.

last month. At this time a year ago, manufacturing counted 790,000 unemployed with a 5.2% unemployment rate. Today, those numbers are 609,000 and 4.0, respectively.

31,000: The number of jobs added in goods-producing industries, thanks to those aforementioned 1,000 new positions in manufacturing and 45,000 in construction. Mining and logging lost 15,000 jobs and dropped for the third straight month. Economists credit the construction bump to regular seasonal cycles and the continued mining and logging dip to the difficult situation for oil producers.

1.5: The percentage increase in seasonally-adjusted average hourly earnings in manufacturing during the last year, from \$19.49 per hour in April 2014 to \$19.78 last month. The private sector as a whole increased close to 1.9%, from \$20.52 to \$20.90.
