NOTICE FOR PARTNERS AND COOPERATORS
OF PALOUSE ROCK LAKE CD
EFFECTIVE MONDAY, MARCH 16, 2020

PRLCD will be implementing safety precautions with staff and partners to reduce the spread of Covid-19 Coronavirus. PRLCD is committed to keeping staff and partners safe while ensuring that critical services are maintained. To maintain continuity, PRLCD staff will be accomplishing workload through telework and may not be available in the office until further notice. This should not have any adverse effect on communication with cooperators and partners. Spring planting and project maintenance priorities will continue unless otherwise notified. Further updates will be posted regularly on our website: www.prlcd.org

Palouse Rock Lake Conservation District will not be locking its doors at this time and someone may be available during business hours, but the staff and board strongly request and recommend that any contact or communication first be made through alternative channels that do not require in-person contact if possible.

Contact information for all staff is listed below. If communication cannot be accomplished via phone, text, or email, please call the appropriate person you need to meet with to schedule an appointment prior to coming into the office.
